

Application for Remote Candidature

This form should be used by graduate research applicants applying to study as a remote candidate. Remote candidature is possible for students who, for academic reasons, are required to conduct research away from Adelaide University, interstate or overseas. This includes graduate research students who are embedded within an international company doing an industry-engaged PhD. It is not designed to replace the study away option available to internal students who wish to be absent from the University for a short period of time, to pursue approved studies outside the University.

Application for remote candidature is seen as exceptional and will be considered on a case-by-case basis.

Location of Research

The University must be assured that appropriate facilities and resources are available at the remote location to enable the student's project to proceed smoothly.

Occupational health and safety standards and ethical clearance procedures must be within accepted Adelaide University practice.

Appointment of an External Supervisor

Where appropriate the appointment of an external supervisor at the remote location should be considered in line with the Graduate Research Supervision Procedure.

Residency Requirement

Graduate research students with remote candidature are required, where possible, to attend their induction in person and are expected, where possible, to attend the Adelaide Campus for events like reviews, conferences, research days etc. Travel funding for graduate research students and supervisors must be arranged upfront.

Communication

Details of means and frequency of interaction between the student and principal supervisor must be provided.

Review of Progress

In addition to the milestone reviews that must be completed by all graduate research students, i.e. Initial Review, Confirmation of Candidature, Mid-Candidature Review and Pre-submission Review, remote students must complete an additional **Minor Review** in conjunction with internal University supervisor(s) and the external supervisor (if applicable) by 15 April each year. Students are exempt from completing the Minor Review in the year in which they enrol as remote students.

Financial Implications of the Research

The financial implications of the student's research project must be negotiated, clarified and agreed upon between the School/Research Area and (where applicable) the external institution involved before the application for remote candidature can be approved.

SECTION A: APPLICANT (must complete this section)

First Name: _____

Last Name: _____

ID No. (if known): _____

Email: _____

School _____

Program: _____

Scholarship Holder: Yes No PendingI am an International Student: Yes No**Proposed candidature commencement date:** _____**Effective commencement date of remote candidature:** _____**Expected end date for remote candidature (if applicable):** _____NB: When transferring from remote to internal mode students must contact the Adelaide University Graduate Research School (AUGRS): research.admissions@adelaideuni.edu.au**Research Topic**

Contact Address During Remote Candidature

Address: _____

City: _____

State: _____
