Acknowledgement of Country

We respectfully acknowledge the Kaurna, Boandik, and Barngarla First Nations Peoples and their Elders past and present, who are the Traditional Owners of the lands that are home to our campuses across Adelaide and South Australia.

Launching Adelaide University in 2026

A new university with a rich history, Adelaide University is purpose-built and future focused – a place for outstanding educators, researchers, thinkers, innovators and entrepreneurs.

Education and research can empower communities. Adelaide University is rising to the occasion by delivering nation-leading curriculum, exceptional student experiences, greater access to education, world-class research excellence and strong industry partnerships.

Our ambitions

Member of the Group of Eight

Australia's leading research-intensive universities

Top 5 nationally for student experience

To be ranked in Australia's top 5 universities for student experience

Top 1 % of universities worldwide

To be sustainably ranked in the top 1% of universities globally

Second largest educator of low-SES students nationally

Top in Australia for student employment

To be ranked as the best university nationally for student employment outcomes

One of Australia's top 5 educators of regional and rural students

Our campuses

Perfectly positioned on North Terrace, our Adelaide City Campus is where cutting edge connects with tradition.

The campus encompasses precincts both east and west of the city. You'll find the latest in teaching and research facilities, along with buildings steeped in history, contemporary spaces and vibrant galleries.

Immerse yourself in modern study and meeting spaces. Access cosy student lounges, rooms for private or group study, quiet zones and collaborative areas.

As a business or law student you'll have access to specialised learning facilities including the Iress Trading Room, Moot Court and ThinkLab.

Discover vibrant social hubs where you can join a range of clubs or teams, meet friends after class to enjoy local live music, or work out in the fitness hubs which include a 25m heated swimming pool, fully equipped gym, multi-sport courts and a rock-climbing wall.

You'll be spoilt for choice with premium On campus vendors including café style fare, casual favourites such as burgers and salads, plus Vietnamese and Japanese eateries. Popular bars, pubs and restaurants are also within easy walking distance from both the east and west precincts.

Adelaide City Campus is easily accessed by public transport, including train, tram and bus. There is also plenty of nearby car parking and bike storage available on campus.

Adelaide City Campus

Yungondi Building

Nexus Building

World-class facilities

Premier financial trading spaces

Get hands-on experience using the same technology as the world's leading banks and investments firms in our purpose-built financial trading spaces. The Iress Trading Room and Financial Markets Lab are fitted with industry-standard software enabling real-time access to all major global finance markets. You'll build confidence through immersive simulated stock exchange trading experiences where you'll be able to construct investment portfolios, observe live financial markets and stress-test market performance.

Iress Trading Room, Adelaide City Campus - West

Mooting in motion

Level up your debating, advocacy, and mediation skills through participating in moot court experiences. You'll learn to argue a case, how to act as an advocate and gain experience presenting before a judge. Designed to look and operate just like a real courtroom, our moot court will provide you with opportunities to develop your practical legal skills and knowledge in a supportive environment.

Moot Court, Adelaide City Campus

ThincLab, Adelaide City Campus - East

Idea incubators

Adelaide University is home to a range of entrepreneurial hubs where big ideas are nurtured. Immerse yourself in modern, well-appointed facilities where entrepreneurial and innovative minds converge. The world-class ThincLab on North Terrace provides a supportive start-up environment with opportunities to create, develop and action ideas. In the west-end, the world-leading Ehrenberg-Bass is home to marketing science experts that advise global brands such as Colgate-Palmolive, Mondelez International and Nestlé.

Enterprise Hub, Adelaide City Campus - West

Transformational teaching and learning

Enabling educational achievement

Adelaide University is a place for lifelong learners, thanks to our comprehensive and contemporary curriculum. Our teaching approach is shaped by our partnerships with industry and we have built work integrated learning into our degrees. Our learning practices are supported digitally while also being internationally connected and reflective of our research.

Fields of study

Adelaide University will offer more than 300 degrees across a wide range of in-demand disciplines. Our comprehensive suite of degrees will produce career-ready employable graduates, from all walks of life, aligned to disciplines and jobs in future areas of demand, including:

- Business and Economics
- Agriculture, Animal and Veterinary Science
- Architecture and Design
- Aviation
- Creative, Media and Communication
- Computer Science and IT
- Engineering
- Health and Biomedical Sciences
- Humanities and Social Sciences
- Law and Justice
- Mathematics and Data Science
- Medicine, Dentistry and Oral Health
- Music
- Nursing and Midwifery
- Property, Construction and Real Estate
- Psychology and Social Work
- Science and Environment
- Teaching and Education

Scholarships

For the further information on scholarships visit: adelaideuni.edu.au/study/scholarships

Adelaide University is committed to providing educational opportunities by offering a range of scholarships. We're dedicated to ensuring students from all walks of life can access higher education. A scholarship could be the incentive you need to launch your future with us, and ensure you're prepared to step forward with confidence toward your career goals.

We're here to support your studies and help you thrive at university. Become the best you can be with an Adelaide University scholarship.

Adelaide University Vice Chancellor Scholarship

A scholarship rewarding exceptional academic achievers. Recipients receive a stipend of up to \$10,000 per annum and a 100% fee waiver for up to four years¹.

Adelaide University Future Leaders Scholarship

A scholarship recognising high academic achievers who demonstrate leadership potential and community service. Recipients will receive a stipend of up to \$15,000 per annum for the duration of the degree.

Adelaide University Aspire Scholarship

A scholarship acknowledging academic achievers who demonstrate leadership potential and community service. Recipients will receive a stipend of up to \$5,000 per annum for the duration of the degree².

Adelaide University Principals Scholarship

A scholarship rewarding students who have excelled in their school academically and exhibited qualities of active service to their school and/or community. Recipients are nominated by their school principal and will receive a stipend of up to \$3,000 per annum for three years.

Adelaide University Attainment Scholarship

A scholarship supporting students who demonstrate leadership and active community service within a work, academic or community setting and are commencing university studies through a non-ATAR or equivalent selection rank, ie. International Baccalaureate admissions pathway.

Adelaide University Career Catalyst Scholarship

A scholarship supporting students to develop their careers, with the support of an employer. Eligible recipients will receive a 30% fee waiver for the duration of their degree.

Adelaide University Postgraduate Grant

A grant for students looking to advance their career opportunities or change career direction by commencing a Master by coursework degree. Recipients will receive a one-off payment of \$5,000.

Adelaide University Access Scholarship

A scholarship supporting students who have demonstrated financial barriers to accessing post-secondary study. Recipients will receive an annual stipend of up to \$6,000 per annum³ for the duration of the degree.

Adelaide University Online Grant

A grant dedicated to students studying online and who have demonstrated financial barriers to accessing post-secondary study and/or reside in a rural, regional, or remote community. Recipients will receive a one-off payment of \$1,500.

Adelaide University Aboriginal and Torres Strait Islander Leaders Scholarship

A scholarship acknowledging exceptional academic achievement of Aboriginal and Torres Strait Islander students who demonstrate leadership potential or active service in their school or community. Recipients will receive a stipend of up to \$15,000 per annum for the duration of the degree.

Adelaide University Aboriginal and Torres Strait Islander Aspire Scholarship

A scholarship acknowledging academic achievement of Aboriginal and Torres Strait Islander students who show leadership or active service in their school or community. Recipients will receive a stipend up to \$5,000 per annum for the duration of the degree.

Adelaide University Aboriginal and Torres Strait Islander Student Scholarship

A scholarship supporting Aboriginal and Torres Strait Islander students who have demonstrated financial barriers to accessing post-secondary study. Recipients will receive an annual stipend of up to \$6,000 per annum³.

¹ Some degree exclusions apply.

² This scholarship is offered to students who have been shortlisted for the Adelaide University Leaders Scholarship but were not awarded the scholarship, or received a conditional offer but did not meet the 95 Selection Rank criteria.

³ Stipend amount will be awarded on severity of financial hardship.

The Adelaide Attainment Model

We're transforming how you'll study by reimagining the teaching and learning experience. The Adelaide Attainment model is designed for the contemporary learner and supports flexibility and engagement.

Stackable degree structures

- Enables multiple entry pathways and multiple transition points creating personalised study journeys.
- Provides greater flexibility to support study-life balance.
- Easier credit transfers between degrees.

Digitally rich learning environment

- Enhances accessibility and flexibility through the latest digital technologies.
- Provides instant content delivery and active-learning and collaboration.

Integrated learning in industry and community

- Engage in real-world industry, community and professional settings.
- Opportunities for internships, placements, community projects, volunteering, or global study experiences.
- Connect with professional networks while you study.

Common Core courses

You will be able to select Common Core courses from knowledge areas most valued by employers, including:

Artificial Intelligence:

Introduces the fundamental principles, techniques, and real-world applications of AI.

Data Knowledges:

Explores data types, sources, and structures, best practices for collecting, managing and analysing data, and strategies for evaluating and communicating information effectively.

Entrepreneurship and Design Thinking:

Develops the tools and mindset to identify opportunities, develop sustainable solutions, and drive positive change.

Ethical Knowledges:

Uncovers the fundamental principles of moral reasoning and their application to real-world situations.

Intercultural Understanding:

Fosters cross-cultural communication and competency and a deeper understanding of how one's cultural background shapes life experiences.

First Nations Knowledges:

Learning and centring Aboriginal voices and ways of knowing, being and becoming.

Graduate qualities

Our curriculum design means you will graduate as a:

Lifelong learner:

Have enduring passion for personal and professional development.

Ethical Leader:

Do what is right over what is easy.

Strategic problem solver:

Approach challenges with analytical rigour and creative insight.

Global citizen:

Respect your role in the world and your capacity to enact positive change.

Resilient thinker:

Succeed by harnessing critical, creative and adaptable thinking.

Trusted communicator:

Articulate ideas effectively and inspire change.

Embedding First Nations knowledges

First Nations Knowledges are meaningfully embedded into all curriculum through careful and purposeful collaboration with Aboriginal scholars, academics, Elders, Communities and Knowledge Holders. Cultural safety, strengths-based approaches, and centering Aboriginal voices and ways of knowing, being and becoming are emphasised and integrated across all our study areas.

The Adelaide Academy

The Adelaide Academy provides a wide range of intercurricular, co-curricular and extracurricular activities across a range of areas, including personal discovery, equity and social change, innovation, leadership for the future, and widening perspectives as well as additional mentoring and work-integrated learning.

Equity

Adelaide University provides equity-aligned pathways to study and personalised support to remove barriers to education. This includes:

- An environment that supports diverse student participation.
- Equitable access to a world-class education for learners of potential.
- Advancing the access, participation and success of First Nations Peoples.
- Supporting you through your university experience to help you succeed in your learning and career journey.

Exceptional student experience

adelaideuni.edu.au/life-at-adelaide/student-life

Adelaide University celebrates diversity and student voices. Our vibrant and inclusive student community is a place for you to feel empowered, explore your passions and discover your purpose.

We're here to support you on your student journey, from day one. On campus and beyond, you'll have access to dedicated teaching and supporting staff, and a wide range of services.

Aboriginal student services

Culturally safe and dedicated support services including scholarships, study help, peer mentoring and more, are available to Aboriginal students.

Academic support

Whether you need general study guidance or more specific assistance, we've got you covered. You'll have access to writing, study skills and maths support, along with peer-led learning and 24/7 online support.

Access and inclusion

If you have a disability, impairment, chronic health condition, or significant caring responsibilities, you can access confidential and personalised advice, adjustments and support to help you reach your study goals.

Accommodation

Find your home away from home. We'll support you to find and apply for accommodation that's convenient, safe, accessible and right for you.

Career services

Prepare for a lifetime of success. Attend networking and industry events, build career planning and management skills, access job opportunities and more.

Counselling

Take care of your personal wellbeing with access to qualified counsellors on campus and online. Sessions are free and confidential.

Health clinics

Stay healthy by accessing a range of on campus health clinics at reduced student rates including GP services, physiotherapy, podiatry, psychology and more.

Orientation

Take the first step toward a fulfilling experience with our Orientation program. Join a campus tour, gain an understanding of your degree, meet people you'll be studying with and enjoy fun activities and events. You'll also be able to participate online.

Religious needs

Private prayer rooms are available across all our campuses. You can also join a faith-based student group or connect with a range of religious chaplains and pastors on campus.

Sports and fitness

Join a sports team, take a group fitness class, or hit an on campus gym or pool between classes. There's something for everyone to stay fit and feel good.

Student clubs, societies and association

Your student association is the voice and social heart of your student experience. With a wide variety of clubs and societies, you'll be sure to find your people and your passion.

Pathways to Adelaide University

There are many ways you can gain entry into one of our degrees.

Selection rank

Guaranteed Entry

Grade-based Entry

STAT

Higher Education GPA

VET studies

Selection rank (ATAR plus adjustment factors)

If you have qualified for the South Australian Certificate of Education (SACE) or hold an equivalent recent year 12 qualification, including the International Baccalaureate Diploma (IB), and have achieved a competitive selection rank, you can use this as a pathway into university.

Your Selection Rank (ATAR plus any applicable adjustment factors) will be used to compete for a place in a university degree. For the majority of our undergraduate degrees, you must not have completed more than 2 years full-time equivalent university study (48 units) to use your year 12 results.

Some degrees take additional factors into account as well as or instead of your ATAR, such as auditions, the University Clinical Aptitude Test (UCAT), oral interviews, etc.

Guaranteed Entry

Guaranteed Entry gives you certainty when applying to study at Adelaide University using your ATAR. Most of our undergraduate degrees have a fixed entry selection rank (including adjustment factors), which means if you achieve that selection rank or higher, and meet any additional admissions criteria such as subject prerequisites, you are guaranteed entry into that degree.

Grade-based entry

If you've completed your SACE and achieved an ATAR, you may also be eligible for entry into some of our most popular degrees based on your grades in selected year 12 subjects. You don't need to apply to be considered for grade-based entry, as this will automatically be done by SATAC on behalf of Adelaide University.

STAT (Skills for Tertiary Admissions Test)

Never completed year 12 or any other higher education? You may wish to use the Skills for Tertiary Admissions Test (STAT) to gain entry to university. The STAT is a two-hour, multiple-choice test designed to assess a range of skills and knowledge needed to study at university.

The Australian Council for Educational Research (ACER) coordinates the STAT. To sit the test, you'll need to be over 18 years old before 1 February in the year that you wish to commence study. If you have been enrolled in the last two years, you must not have completed more than two years (full-time) tertiary study in total. For more information, visit:

stat.acer.org/au

Higher Education GPA (Grade Point Average)

If you already have completed at least six months (full-time) of a recognised higher education degree at a recognised higher education institution, you can use your Grade Point Average (GPA) to gain entry to Adelaide University.

Internal transfer

Perhaps you gained entry to a degree that wasn't your first preference or, after completing a few courses, have changed your mind about what you'd like to study. You can use your GPA (or any eligible previous qualifications) to apply for what is called an internal transfer. This is an option available to students who may have already started studying in one degree and, for a range of different reasons, would like to transfer into another degree at the same university. Please note that not all degrees are available via internal transfer. If unsure, you can contact our friendly student advisors for assistance.

Vocational Education and Training (VET) Studies (Certificate IV or higher)

Have you completed a VET qualification at a Certificate IV or higher level? Your completed qualification can gain you entry to many of our degrees.

For students that have studied at either TAFE SA or other Registered Training Organisations (RTOs), most Certificate IV courses (including former Advanced Certificates or equivalent) meet the minimum entry requirements for a wide range of our undergraduate degrees. In some instances, a successfully completed Diploma or Advanced Diploma will be required to meet the minimum entry requirements.

Preparatory programs at Adelaide University

Adelaide University is committed to providing access to higher education for people from all backgrounds and circumstances in life, and we offer a range of preparatory programs to help you gain entry into your preferred degree.

Fee free tuition (a student amenities fee is required)

Our Foundation Studies and Aboriginal and Torres Strait Islander Pathway programs provide fee-free pathways to university, regardless of your educational experience. If you do not meet the required qualifications for direct entry into a bachelor degree, these programs provide alternative entry options while helping you adjust to the university environment.

Our preparatory programs set you up to succeed at university by building academic skills and prerequisite knowledge. You'll experience life as an Adelaide University student, learn from expert staff and have access to the full range of support services we provide.

Once you've successfully completed your program, you'll be able to transfer into one of Adelaide University's world-class undergraduate degrees.

Foundation Studies

Foundation Studies is a fee-free program with no tuition fees. A student services amenities fee applies to all university students which can be deferred through the Federal Government HECS-HELP loan scheme. This program supports students with no previous qualifications to learn the skills required for successful university-level study.

It is designed for a range of students, including those who may not have an ATAR, are from regional and remote areas, are first in their family to attend university or who may have spent extended periods of time away from formal education.

The Foundation Studies program is split into three blocks, with a series of entry, exit and transition points that cater to diverse educational backgrounds and your chosen destination degree.

adelaideuni.edu.au/study/degrees/foundation-studies

Aboriginal and Torres Strait Islander Pathway

Adelaide University is committed to becoming a university of choice for Aboriginal Peoples. Our Aboriginal and Torres Strait Islander Pathway is a fee-free program with no tuition fees. A student services amenities fee applies to all university students which can be deferred through the Federal Government HECS-HELP loan scheme. This program is offered also in regional areas, and provides culturally aware entry options and tailored study support. Like Foundation Studies, the Aboriginal and Torres Strait Islander Pathway is split into three blocks, with a series of entry, exit and transition points that cater to diverse educational backgrounds and your chosen destination degrees.

adelaideuni.edu.au/study/degrees/aboriginal-and-torres-strait-islander-pathway

Block 1: preparatory courses

The Block 1 courses develop your study skills, communication, critical writing, and research, including support in writing academic assignments, referencing and effective time management. These skills and experiences will create a strong foundation for your future at university.

On completion of this program block, you will have developed a comprehensive understanding of the university learning environment and will be able to successfully navigate studying at university. Additionally, you'll be able to communicate effectively in written and oral formats, engage confidently with numeracy, undertake academic research and have developed a tool kit to approach and organise your study.

Block 2 - UniStart: pathway to guaranteed entry degrees

Students who have completed year 11, SACE or a Certificate 3 can enter the Foundation Studies program or Aboriginal and Torres Strait Islander Pathway directly at Block 2 - UniStart.

Block 2 - UniStart extends your engagement with the higher education learning environment and provides foundational knowledge and skill development for your intended destination degree. The courses are designed to develop critical thinking and foster an understanding of university and career pathways while developing foundational knowledge and skills in your chosen discipline.

On completing Block 2 - UniStart, you'll be guaranteed access to a range of accepting degrees, noting that some undergraduate degrees may require a minimum GPA to qualify.

Block 3: pathway to selective entry degrees

Block 3 is designed to provide a pathway for students wanting to enter selected Adelaide University undergraduate degrees. The courses in this block build on the foundational discipline concepts established in Block 2 - UniStart, and will extend your knowledge to help you meet the entry criteria for your chosen degree.

Completing Block 3 qualifies you to apply to selective undergraduate degrees based on your GPA. Some selective undergraduate degrees with limited numbers of professional placements set caps on the intake, and entry may be competitive.

Steps to success

STEP 1

Explore your study options

Researching your study options is an important first step, and there are many different tools and resources available to help you. You could start by reading through this brochure or head online to explore our website:

adelaideuni.edu.au/study

Attending our Open Day is another great way to get a feel for what university life is like and to learn about the range of services available to support you during your university studies. You could also book a time to chat with one of our friendly future student advisors to ask any specific questions you may have.

STEP 3

Apply via SATAC

Applications open in early August for study commencing in the following year. You can apply for your chosen degrees through the SATAC website.

Before you apply, it's a good idea to familiarise yourself with the application process. This includes things like key dates and deadlines for applications, as well as SATAC fees and charges and when to pay. For more information, visit the SATAC website.

Useful links

Find your Adelaide University degree:
adelaideuni.edu.au/study

Have an enquiry:
adelaideuni.edu.au/study/enquire

Scholarships:
adelaideuni.edu.au/study/scholarships

SATAC:
satac.edu.au

STEP 2

Check you meet the eligibility and entry requirements

All degrees have entry requirements—these are specific criteria you have to meet in order to be eligible for entry into a degree. Each degree will have different entry requirements, so it's important to find out what these are for your chosen degree and make sure you can meet them.

Entry requirements can include things like:

- Prerequisites you will need to complete either during your high school (SACE/IB) studies, bridging courses or approved alternatives.
- Assumed knowledge topics that, while not essential for admission into a degree, will help prepare you for many of the topics you'll study during your degree.
- Non-standard entry requirements, such as: attending an interview, undertaking additional assessments (e.g. the UCAT ANZ), performing an audition, submitting a written statement or creative portfolio.

STEP 4

Keep your preferences up to date

As part of your SATAC application, you'll be asked to list up to six preferences—these are the six degrees you are most interested in studying. SATAC makes offers by working down your preference list, so it's important to make sure your first preference is the degree you want to study most.

If you change your mind after you've submitted your application, don't worry! SATAC allows you to check and change your preferences as many times as you want before the cut-off date for your specific offer round. For a list of key dates, visit SATAC's website.

Helpful tip: Be sure to include some 'back up' options on your application. If you need support in choosing the best back up options or pathways into your dream degree, get in touch with our friendly future student advisors.

STEP 5

Check your offer

SATAC run several smaller offer rounds, one main offer round, then continue to make offers in the lead up to the start of the study period you applied for. SATAC makes offers to the highest preference for which you are eligible. This means the degree you most want to study should be your first preference. Remember to check all email folders—including your spam folder—for your offer.

Helpful tip: Didn't receive an offer for your first preference? Don't stress—you could still be considered for future rounds!

STEP 6

Accept your offer

An offer email will be sent to the email address you provided on your SATAC application. If you have received an offer you don't need to respond, as SATAC will accept the offer on your behalf. If you would like to defer your offer until the following year, you will need to log in to your application through the SATAC website and change the response to the 'defer' option.

If the offer you received was for a degree that is not your first preference, SATAC will accept the offer but note that you would still like to be considered for an offer to your higher preference(s).

STEP 7

Welcome to Adelaide University

After accepting your offer, we'll send you an email outlining important information to help you get started at university, including your new university ID number.

At this stage, you can start to plan your timetable, enrol into your courses, attend orientation activities, and begin your university journey.

Build a business mind-set

Our business degrees have been developed in consultation with industry to ensure you graduate with in-demand skills and knowledge. You'll build essential and highly transferrable skills in problem solving, critical thinking, ethics, communication and collaboration.

Accounting, commerce and economics are the pillars of every successful business and economy. Study in these fields and you'll enhance your critical thinking, data analysis and strategic planning abilities – ready to lead in today's fast-paced business world.

Accounting tracks the flow of money for businesses and individuals. Economics is the study of monetary trends and market forecasting. Commerce focuses on how businesses and consumers operate within markets. Together, they help individuals, businesses and governments plan for the future and make complex financial decisions.

Work integrated learning experiences will provide you with valuable real-world experience and empower you to build professional networks. Hands-on learning opportunities that go beyond the classroom will enable you to develop confidence in a supportive environment.

Through an extensive range of electives and enriching learning experiences you'll have the flexibility to explore areas that interest you, and to tailor your studies to align with your career goals.

World-class research

Your learning will be informed and supported by world-class research. Adelaide University is home to a number of research centres and institutes at the cutting-edge of business innovation including the renown Ehrenberg-Bass Institute for Marketing Science where more than 60 marketing scientists are at the forefront of discovering how brands grow and buyers behave. Entrepreneurship also flourishes at Adelaide University through our in-house business incubators ThincLab and the Innovation and Collaboration Centre.

Career prospects

Dynamic and rapidly evolving, the business industry is an exciting place to be. It's predicted that more than 90% of projected employment growth over the next ten years will occur in high skill level jobs requiring post-secondary school education*, with employers seeking a skilled and adaptable workforce. You'll be well positioned to pursue a range of business and economic career opportunities across a variety of industries.

LAW AND JUSTICE

Degrees

Undergraduate

Bachelor of Criminology and Criminal Justice

Bachelor of Laws (Honours)

Bachelor of Laws (Honours) Double Degrees

100% online

Bachelor of Criminology and Criminal Justice

Postgraduate

Master of International and Security Law

Master of Laws

Future-focused law and justice

Advocate, affect change and make an impact. Supported by our world-class teaching staff, you'll learn the art of reasoning, negotiation and advocacy while building essential skills in research, analysis, reporting and communication.

Build your understanding of the dynamics of society and social norms, go inside the psychology of crime and gain core knowledge of the Australian justice system. You'll have the opportunity to explore areas of speciality law practice including family, tax, environmental, intellectual property law and more.

Go beyond the classroom through practical learning opportunities in our moot court, real-life Legal Advice Clinic and work integrated learning experiences such as an internship or industry project. Tailor your studies to your interests through a wide selection of electives, or double your knowledge by pairing your law degree with a degree in business, arts, journalism, psychology or a range of other areas.

World-class research

Your learning will be informed and supported by world-class research. Adelaide University is pursuing a better world through leading high impact research that contributes to real world law reform and responds to global challenges such as climate change, employment regulation and space.

Career prospects

Job growth for solicitors in Australia has a long-term trend of strong growth with above average employment rates* while the continued evolution of social welfare within government, not-for-profit and private sectors is driving demand for skilled and agile workers in roles such as case management, community support and criminology which are expected to grow by up to 25% over the next five years*.

**Towards a National Jobs and Skills Roadmap report, Jobs and Skills Australia, 2023*

**Seek Career Insights*

Bachelor of Accounting

Mode: 100% online
Duration: 3 years full-time

Why this degree

Create a career you can count on.

In Australia, accounting roles are expecting significant growth over the next decade. With businesses shifting towards sustainability, accountants with environmental reporting skills and sustainable financial practices are in demand.

As technology integrates into the accounting world graduates practiced in data analytics, cloud computing and AI-driven tools will be highly-valued in the marketplace.

Study a mix of traditional and technological expertise at Adelaide University and gain a competitive marketplace advantage.

Career outcomes

Want to be an auditor or risk consultant? You'll ensure operational integrity and compliance. Report on financial and managerial processes and systems. Work on business process reviews and risk assessments.

Perhaps you'd like to work in insolvency? Collaborate with stakeholders in cases of financial distress and liquidations, and restructure under-performing businesses.

Bachelor of Business (Economics, Finance and Trade)

Mode: 100% online
Duration: 3 years full-time

Why this degree

Ready to hone your decision-making skills and give sound business advice? A solid understanding of economics, finance and trade helps inform smart decisions at an individual, business and government level.

Analyse how individual people make choices based on their needs, wants and resources. Learn how economics is the backbone of many industries. Make strategic moves for businesses and unlock new, global markets.

You'll graduate equipped for careers in financial services, government and public policy or international trade and development.

Career outcomes

As a business graduate, you'll be positioned to pursue a wide range of career options. You might become an economist, using data and modelling techniques to provide advice to consumers, organisations or governments. You could be a business advisor, guiding company operations, preparing budgets, conducting cost-benefit and risk analyses and reviewing assets and resources. Perhaps you'll be a business development manager, identifying new markets, customers and industries for growth.

Other career options include:

- Market research analyst
- Policy adviser
- Financial risk analyst
- Trade and investment adviser.

Bachelor of Business (Financial Planning)

Mode: 100% online
Duration: 3 years full-time

Why this degree

Do you like numbers and working with people? Want a stable career with consistent demand? You might be made for financial planning.

With this flexible, 100% online degree, you can help people achieve financial independence, retire comfortably, and save for major milestones.

Our courses are relevant, practical, and informed by leading industry experts. You'll get access to cutting-edge research in the field and learn from practising financial advisers. Grow your professional networks and build a formidable business portfolio. Be someone your clients can rely on.

You'll graduate with in-demand knowledge and skills the financial planning industry is telling us they need.

Career outcomes

Financial planners do so much more than manage investments. It's a rewarding profession that helps people make smart money choices for their families and achieve financial independence.

As a financial planner, you'll have plenty of career options. You could work at financial institutions, insurance funds, investment banks or financial advisory firms. You might choose self-employment and set up your own practice, using your new business insights to get off the ground. Perhaps you'll specialise in tax planning, risk management or retirement planning.

You could also be a:

- Qualified financial planner or financial adviser
- Investment manager

Bachelor of Business (Human Resource Management)

Mode: 100% online
Duration: 3 years full-time

Why this degree

Do you love working with people and helping them reach their potential?

In this 100% online degree, you'll prepare for a socially responsible career in human resources – whether in Australia or internationally.

Our course material is informed by the Centre for Workplace Excellence (CWeX), a leading research centre tackling current and future workplace challenges. We have industry ties across the globe, so you'll stay updated with the latest HR research and practices.

You'll get familiar with modern HR tools and technologies. Build strategic leadership skills. Enhance your interpersonal expertise. Apply what you learn directly and graduate ready to guide productive, respectful and empowered workplaces.

Career outcomes

Employers want graduates who can apply their knowledge to solve real-world problems. Our HR graduates have gone onto roles in Australian and international companies – from Qantas to Coca-Cola or even Adelaide University.

You might design innovative programs that connect virtual workforces across continents. You could strive to make neurodivergent employees feel safe and supported in the workplace. Perhaps you'll be a recruitment whizz, coming up with bold new ways to attract top-tier talent.

You could also be a:

- People and culture manager
- Recruitment consultant
- Human resources partner
- Learning and development administrator
- Employment relations consultant
- Organisational change advisor.

Bachelor of Business (Management)

Mode: 100% online
Duration: 3 years full-time

Why this degree

Fascinated by human behaviour? Love problem-solving? You might be made for management.

Organisations want people with the entrepreneurial skills and business acumen to turn ideas into successful, growing enterprises. With this flexible, 100% online degree, you can understand your workplace better and step up to a higher level.

Grow your professional networks. Connect with industry. Build the skills to manage people, teams and organisations. Learn how to leverage technology to achieve business objectives. Be the leader you know you can be.

You'll gain a broader view of business and the skills to ascend through different levels of management.

Career outcomes

Business management graduates can find work in many different industries. Depending on your area of specialisation, your skills could take you into business development, project management, event management or business consultancy.

You could turn a tiny tapas bar into a global franchise. You might work with start-ups, charities, not-for-profits or SMEs (small-to-medium-sized enterprises). Perhaps you'll even launch your own business – whether that be a shop, coaching service, plant-based food company or fitness app.

Bachelor of Business (Marketing)

Mode: 100% online
Duration: 3 years full-time

Why this degree

Use insights to make an impact with this 100% online marketing degree.

With our Bachelor of Business (Marketing) you'll become an expert on consumer behaviour and the scientific laws of brand growth.

You'll use your knowledge of marketing and analytical skills to drive sales. Harness your creativity and strategic thinking to help businesses reach their goals. Be led by some of the best marketing scientists in the world from the Ehrenberg Bass Institute for Marketing Science. Jump into a booming industry influenced by the rise of digital technology.

Career outcomes

With our Bachelor of Business (Marketing) you can pursue all sorts of exciting careers in business and marketing. You could be a brand manager, advising businesses on how to boost their growth. You might be a marketing analyst, taking charge to make sure companies reach their goals. Perhaps you'll be a market researcher, identifying consumer trends and audience data to inform cutting-edge marketing strategy.

Bachelor of Business (Tourism, Events and Hospitality Management)

Mode: 100% online
Duration: 3 years full-time

Why this degree

Tourism, events and hospitality are interconnected sectors that collectively drive economic growth.

Blend your passion for people and adventure with practical skills. Explore key topics such as sustainable tourism practices, digital technologies in tourism and hospitality and the logistics of organising successful events. Learn how to use events strategically for economic and community development.

With international travel, business, and cultural events fully resumed post-pandemic, opportunities for employment in the tourism, event, and hospitality management sectors are on the rise. Position yourself for a career that is not only diverse, but also in high demand as the tourism and hospitality sectors continue to grow.

Career outcomes

With a career in in tourism, events or hospitality management, no two days will be the same. You can expect a diverse and exciting career that spans a range of industries and organisations. If you're a keen problem-solver and enjoy working with others, a career in this space is perfect for you.

You might be a cruise ship director, taking on the responsibility for planning and organising onboard activities and entertainment for guests. You might focus on promoting eco-friendly practices within the tourism industry, helping businesses implement sustainable strategies. Perhaps you'll be a local tour guide for UNESCO and lead groups on sightseeing trips at World Heritage Sites.

Bachelor of Business

Duration: 3 years full-time
Campus: Adelaide City

Why this degree

With automation on the rise, it can be hard to stand out in business. How will you add value? What will you bring to the table?

At Adelaide University, we teach you traditional business practices – and how to challenge them too.

Bachelor of Commerce majoring in Accounting

Duration: 3 years full-time
Campus: Adelaide City

Why this degree

Each day, our digital environment unlocks new and exciting roles in accounting. All organisations – from the smallest business to the largest multinational corporation – need accountants to manage their finances. If you enjoy working with numbers, love a challenge, and want a rewarding career with great versatility and job security, accounting may be for you.

With investments in cryptocurrency climbing, online scams on the rise, and businesses becoming more socially conscious – accounting is no longer just about the numbers. Who knows, your work may even help save the nation from an impending financial catastrophe.

Career outcomes

Embark on a rewarding journey in the world of accounting, where every number counts.

You might blend your passion for fashion with accounting, purchasing trending clothing and reselling it back to major retailers, meticulously monitoring costs and contractual agreements. You could assist a new start up business to launch their latest product, tracking their expenditure and ensuring their financial goals are met. Perhaps you'll uncover financial irregularities as a vigilant investigator, identifying and thwarting money laundering schemes.

With your essential accounting skills and the ability to make strategic decisions at a professional level, you may find work as a:

- Risk consultant
- Forensic accountant
- Management accountant
- Practising accountant
- Tax accountant
- Business adviser.

In accounting, you'll have the chance to make a tangible impact that shapes the success and integrity of the organisations you work for.

Bachelor of Commerce majoring in Banking and Finance

Duration: 3 years full-time
Campus: Adelaide City

Why this degree

Fast-paced and ever-evolving, the financial field offers a thrilling career where you can configure numbers, solve challenges and connect with people. Emerging technologies including FinTech and RegTech have changed the landscape of banking, prompting employers to seek adaptable, forward-looking employees who demonstrate initiative.

With a Bachelor of Commerce majoring in Banking and Finance, you'll graduate with the skillset to seamlessly perform calculations, analyse reports and convey your findings with conviction. Be it in the public, private or government sector, your prospects are boundless.

Career outcomes

You'll graduate with the financial knowledge and analytical skills to make educated business decisions at a professional level. With your skills, you could work as a:

- Financial analyst
- Investment banker
- Portfolio manager
- Business adviser
- Blockchain developer
- Data analyst.

You could be leading financial decisions for the nation, assessing cash flows, revenue streams, potential risks and identifying avenues for growth. You might capitalise on the real estate market, securing properties for clients and forecasting new investment opportunities. Perhaps you'll tap into the increasingly popular cryptocurrency world, becoming an expert in blockchain development.

Bachelor of Commerce majoring in Business Analytics

Duration: 3 years full-time
Campus: Adelaide City

Why this degree

Businesses across all industries are increasingly relying on data to drive decisions, optimise operations and innovate products. In the evolving landscape of business analytics, professionals need a diverse set of skills to stay ahead. Our Bachelor of Commerce majoring in Business Analytics is future-focused, equipping you for success in a digital world. Study industry-standard analytical tools, artificial intelligence and chatbot design. Learn to interpret and analyse complex data, an essential skill for modern businesses. Your expertise in analytics, along with your business knowledge, will give you a rounded and dynamic skillset. You'll graduate ready to apply data insights to help businesses achieve their goals, unlocking careers in finance, marketing, healthcare, tech, retail and government.

Career outcomes

You'll exit Adelaide University ready to make informed business decisions, with a formidable and in-demand skillset. You could be a business intelligence analyst, leveraging cutting-edge technology to transform data into actionable insights. You might help sports teams make strategic decisions about player line-ups and tactics. Perhaps you'll analyse Spotify's listener habits to craft more engaging playlists.

You could also be a:

- Data analyst
- Management consultant
- Marketing analyst
- Big data analytics specialist
- Consumer insights analyst
- Customer experience manager.

Bachelor of Commerce majoring in Financial Planning

Duration: 3 years full-time
Campus: Adelaide City

Why this degree

Want to help individuals and businesses manage their wealth, tax and financial risk? Interested in developing financial plans that allow clients to reach their goals? This degree will give you the skills to excel as a finance professional. You'll consider current wealth, income and lifestyle aspirations to provide sound financial advice. With our strong practical focus and access to cutting-edge technology, you'll learn to craft visionary financial plans that meet legal and regulatory requirements. Developed in consultation with industry, this degree will give you the tools to succeed in a changing business landscape.

Career outcomes

You'll be qualified for rewarding careers that combine financial expertise with personal interaction, innovation and strategic planning. There are opportunities in financial institutions, investment banks, superannuation and insurance funds and financial advisory firms. You could be a superannuation consultant, helping clients invest and meet retirement goals. You might be an insurance broker, expertly navigating insurance choices to secure the best terms. Perhaps you'll help tech startups shoot for the stars.

You could also be a:

- Financial planner or adviser
- Client relationship manager
- Estate planner
- Investment adviser
- Wealth manager.

Bachelor of Commerce majoring in Property

Duration: 3 years full-time
Campus: Adelaide City

Why this degree

Do you have a passion for the property sector? Are you interested in building your quantitative, analytical and business skills? Our Bachelor of Commerce majoring in Property will give you the expertise of a modern property professional and skilled data analyst. You'll graduate with a competitive edge, ready to seize opportunities across sectors. You'll be equipped to enter the finance and property industries working in commercial property development, investment and asset management.

Career outcomes

Graduate career-ready, equipped to shape sustainable and innovative property solutions. You could oversee a global real estate portfolio, pinpointing top investment opportunities through market analysis. You might forecast the next big residential boom. Perhaps you'll convert old warehouses into vibrant co-working spaces for creatives.

You could also be a:

- Property developer
- Land and property valuer
- Investment and asset manager
- Property analyst
- Portfolio manager
- Property funds manager
- Sales and leasing consultant.

Bachelor of Criminology and Criminal Justice

Mode: 100% online
Duration: 3 years full-time

Why this degree

Are you fascinated by true crime stories? Interested in making a difference to your local community and beyond? Turn your curiosity into real impact with this 100% online degree.

Criminology and criminal justice professionals have a unique opportunity to improve people's lives – and the wellbeing of society. They make a meaningful difference in local communities and on the global stage.

Contribute to a better understanding of crime and criminal behaviour. Help people as they navigate the justice system. Improve outcomes for vulnerable groups through systemic policy change. Advocate for human rights and social justice. Gain a competitive edge for careers in rehabilitation, reintegration, community advocacy or corrections.

Career outcomes

Careers in the criminology and criminal justice sector cover a wide range of opportunities and pathways. Here's just a couple of things you might do:

- Work with law enforcement agencies to develop crime prevention strategies and policies.
- Analyse and interpret emerging trends in crime, antisocial behaviour and sentencing.
- Research issues related to crime and the justice system, including victim impact, offender rehabilitation and social justice.
- Examine the causes of criminal behaviour, and the psychological and sociological influences on offenders.

Bachelor of Criminology and Criminal Justice

Duration: 3 years full-time
Campus: Adelaide City, Magill

Why this degree

Are you fascinated by human behaviour? Do you want to understand and contribute to a safer society?

Criminologists collect and analyse data to understand where, when and why crimes occur. They look for patterns – and question systems. They develop crime prevention strategies and work to improve societal safety and justice. In this eye-opening degree, you'll learn how crime is shaped by social, psychological and economic factors – and how a career in criminology can make a difference.

Build the skills to advocate for a more just society. Grow intellectually, ethically and professionally. Pursue careers in crime analysis and research, policy development, community advocacy, crime prevention and safety, corrections, victim support or youth justice.

Career outcomes

Criminology is a complex field. In this degree, you'll learn how to contribute to a safer society by supporting crime prevention strategies and improving the justice system.

You could work for the Australian Institute of Criminology, investigating cybercrime or terrorism. You might support victims of crime through advocacy and recovery programs. Perhaps you'll use evidence to improve the wellbeing of individuals in the justice system – or, start your own true crime podcast, analysing famous cold cases from around the world.

You could also be a:

- Victim advocate
- Crime analyst
- Community program coordinator
- Research analyst
- Policy advisor
- Juvenile justice specialist
- Probation officer
- Social services coordinator
- Court administrator
- Intelligence officer
- Cybersecurity analyst
- Risk prevention consultant
- Case manager
- Public safety officer.

Or combine your studies with other degrees, majors or minors to pursue a career in psychology, law, forensics and more.

Bachelor of Criminology and Criminal Justice majors

Bachelor of Criminology and Criminal Justice majoring in Aboriginal Studies

Campus: Adelaide City, Magill

Listening to Aboriginal voices and understanding Aboriginal ways of thinking and being are critical elements of working with and supporting Aboriginal communities. Build your understanding of justice approaches that respect Aboriginal rights, knowledges and experiences. Explore the cultural and political contexts of how Aboriginal peoples experience the criminal justice system and how the system operates more broadly within Australia. You will be empowered to influence change within the criminal justice system and contribute to shaping culturally safe approaches to crime prevention and rehabilitation.

Bachelor of Criminology and Criminal Justice majoring in Anthropology

Campus: Adelaide City, Magill

Examine our criminal justice system through an anthropological perspective. Investigate the impact of crime on society. In diverse societies it is essential to know what drives us. Why do people commit crime? What systems are in place to reduce harm? Does our culture play a part in our behaviour?

Explore the underlying factors that influence our actions. Discover valuable insights into human behaviour, cultural influences on crime and the societal context of criminal justice systems. Gain a holistic view of crime and human cultures.

Graduate with a comprehensive understanding of how societies and cultures define, interpret and respond to criminal behaviour.

Bachelor of Criminology and Criminal Justice majoring in Gender and Sexuality Studies

Campus: Adelaide City, Magill

Explore how gender and sexuality can help understand criminal behaviour or victimisation and influence experiences within the justice system. Understand how gender and sexuality are linked to power, privilege and inequality and explore contemporary identity issues. Build knowledge of Australian criminal law, policing, corrections and the justice system. Learning from research active academic staff, you'll develop transferrable skills across communications, research, analysis and critical thinking. As a graduate you'll be ready to make an impact in the fields of criminology, policy, advocacy and community support.

Bachelor of Criminology and Criminal Justice majors

Bachelor of Criminology and Criminal Justice majoring in History

Campus: Adelaide City, Magill

Get ready to uncover the past and lead the way to a better future. From medieval times to modern society, discover how the past has shaped contemporary social challenges, crime and justice. Learning from experts, you'll gain both broad and deep knowledge and build critical skills in research, analysis, communications and critical thinking. Bachelor of Economics

Duration: 3 years full-time

Campus: Adelaide City

Why this degree

Enjoy tackling complex problems? Are you interested in how important economic and policy decisions are made? Want to use your analytical skills to make a positive impact on societies? If yes, our Bachelor of Economics is for you.

Economists are expert communicators who analyse, predict and navigate policies and decision-making. The job demands a comprehensive understanding of data and analysis. As an economist, you'll analyse key factors that influence how households, industries, governments and businesses make choices and operate. Your deep understanding of micro- and macroeconomics will help you address economic challenges, and their impact on individuals and societies.

With your Adelaide University degree, you'll gain a valuable skillset that prepares you for exciting, resilient and diverse careers.

Career outcomes

Studying the Bachelor of Economics at Adelaide University will give you critical skills to work in government, private and not-for-profit sectors. Use your analytical skills and reasoning to work as a government policy analyst, developing key economic policies for local or international government agencies. Perhaps you'll be a research economist, analysing the economic impact of policies and issues affecting the environment, international trade and the future of work. You might work as a consultant, providing your clients with the insights and tools to help them make strategic financial decisions. Maybe you'll generate social change working inside charities to reduce inequality and improve healthcare and education.

You could also pursue the following careers:

- Corporate policy adviser
- Data analyst
- Economic researcher
- Economist
- Information analyst
- Government policy adviser
- International trade or business analyst
- Research associate
- Economic communicator.

Bachelor of Economics majors

Bachelor of Economics majoring in Advanced Analysis

Campus: Adelaide City

Economists analyse decision-making across households, businesses, government and broader society. Using critical thinking and rigorous problem-solving, they provide advice on business strategies, shape public policy and guide effective advocacy. Our Bachelor of Economics majoring in Advanced Analysis will give you the analytical skills employers are looking for. Graduate ready to help businesses, governments and social enterprises make complex decisions and navigate economic challenges.

Bachelor of Economics (Honours)

Duration: 4 years full-time
Campus: Adelaide City

Why this degree

Become a leader in shaping public policy and advise businesses and social enterprises to make informed decisions.

Economists analyse, evaluate and guide decision-making by individuals, businesses and government. They require future-focused skills of advanced quantitative analysis and critical thinking, grounded in contemporary research.

With our Bachelor of Economics (Honours), you'll develop a comprehensive tool kit of problem-solving abilities. Learn to resolve social, behavioural and economic issues. Broaden your career prospects with a final-year, independent research thesis. Through internships and career development and research opportunities, you'll graduate ready to take on a range of different careers.

Career outcomes

Our Bachelor of Economics (Honours) degree can unlock a wide range of careers across diverse employers. Our graduates are sought-after to work as practicing economists in the business, governance, education, financial, technology or social sectors.

You might work as a policy-maker, leading the development and implementation of health, education or tax policy. You may take on a business analyst role, analysing consumer trends and influences and providing these insights to businesses. Perhaps you'll undertake a research or consulting role, conducting studies, preparing reports and analysing complex data. Or you may bring your economic lens to big social problems as an advocate for change.

You might also be interested in the following careers:

- Corporate policy adviser
- Data analyst
- Economic researcher
- Economist
- Information analyst
- Government policy adviser
- International trade or business analyst
- Research associate
- Economic communicator.

Bachelor of International Business

Mode: 100% online
Duration: 3 years full-time

Why this degree

Create your global business career.

In Adelaide University's 100% online Bachelor of International Business, you'll learn how to conduct business on an international scale.

Thrive as an agile professional with specialist business skills and expertise. You'll gain a deep understanding of accounting, finance, marketing, business statistics and commercial law – while acquiring the analytical and decision-making skills to succeed in business.

Enhance your critical thinking, communication, and reflective practice techniques. Learn the skills to adapt to the demands of a future economy. Explore a business landscape shaped by global trends and regional opportunities.

Career outcomes

With strong growth predicted across multiple industries, graduates can look forward to a promising future. Business managers are in demand across sectors like professional services, financial services and public administration, where they are pivotal in guiding organisations through digital transformations and optimising processes (Australian Bureau of Statistics, 2024).

Imagine yourself managing the international division of a major Australian company? With our Bachelor of International Business, you could work as a trade analyst or business developer. Perhaps you'll use your entrepreneurial skills to establish new international ventures and partnerships.

Bachelor of Laws (Honours)

Duration: 4 years full-time
Campus: Adelaide City

Why this degree

Are you passionate about fairness and social justice? Make a tangible difference in people's lives with a Bachelor of Laws (Honours).

Laws play a crucial role in the wellbeing of society – helping us maintain order, protect rights and freedoms, and promote justice.

As a lawyer, you'll provide invaluable advice and solve legal disputes. With your complex problem-solving skills, you'll help people navigate legal matters, championing their causes with integrity and dedication.

Studying law also sharpens ethical decision-making and strategic thinking, opening career paths in business, government, or NGOs. You can also choose to combine law with fields like journalism or psychology to fight injustice, expose corruption, or enhance our understanding of law and human behaviour.

Career outcomes

This degree is your path to becoming a legal professional. You'll build a foundation in how the law works and explore how laws change over time and why. Analyse and interpret laws, regulations and court rulings, and research past decisions to understand precedent.

You'll graduate with a distinct way of thinking and transferable skills suited to roles in business, government or NGOs. Use your talents and legal expertise to guide, protect, and empower those you serve.

Law Double Degrees

Bachelor of Law (Honours), Bachelor of Arts

Duration: 5 years full-time
Campus: Adelaide City

Positively contribute to an increasingly interconnected world. Study Adelaide University's double degree of Bachelor of Laws (Honours), Bachelor of Arts to combine legal expertise with a multidisciplinary perspective. Approach legal issues with cultural, social and ethical understanding. Create a unique and versatile foundation for a wide range of careers in legal practice, government, commerce, industry, academia, social welfare and community organisations.

Studying a double degree in arts and law will complement, contextualise and enrich your legal studies. Develop innovative thinking, gain a comprehensive understanding of societal issues, and communicate with impact.

Bachelor of Law (Honours), Bachelor of Business

Duration: 5 years full-time
Campus: Adelaide City

Empower yourself with both legal and business acumen. With your complex problem-solving skills, you'll help people navigate legal matters, championing their causes with integrity and dedication. You'll also gain knowledge across essential disciplines of business including accounting, people management, marketing principles, strategic decision making and corporate law. Engage with industry. Explore professional careers in sectors aligned with your interests. Become a responsible and globally conscious leader. Graduate with two degrees in just five years.

Bachelor of Law (Honours), Bachelor of Commerce

Duration: 5 years full-time
Campus: Adelaide City

Develop legal expertise and business acumen with Adelaide University's Bachelor of Laws (Honours), Bachelor of Commerce. Be equipped to understand the legal framework and the nexus between law, business, accounting and policy. Studying a double degree will expand your knowledge and open doors to a broad range of career opportunities. Gain a competitive edge by combining law with commerce and accounting, and graduate with two degrees in just five years. Develop an advanced understanding of the legal principles of Australian law and the financial and strategic understanding to assess the implications of legal decisions.

Graduate as a professional equipped to balance legal compliance with business strategy, and drive innovation while managing risk.

Bachelor of Law (Honours), Bachelor of Criminology and Criminal Justice

Duration: 5 years full-time
Campus: Adelaide City

Are you inspired to promote justice and create a safer society? Adelaide University's Bachelor of Laws (Honours), Bachelor of Criminology and Criminal Justice will equip you to work as a legal professional within the field of criminal justice. Learn to navigate the legal system and advocate for the rights of others. Uncover the impact of crime on society and examine our responses to it.

Gain a unique skillset across two distinct study areas and graduate with two degrees, and an Honours qualification, in just five years. Make a tangible difference in people's lives and contribute to a safer world.

Law Double Degrees

Bachelor of Law (Honours), Bachelor of Economics

Duration: 5 years full-time
Campus: Adelaide City

Studying Adelaide University's Bachelor of Laws (Honours), Bachelor of Economics will guide you through the legal systems that govern us and the economies we live within – and equip you with the practical and analytical skills to work effectively within both. Get the skills and confidence to tackle big picture thinking, large-scale policies, and concepts in modern Australia. Apply these knowledges with hands-on skills shaped with dedicated software, facilities and through career development opportunities. Develop valuable analysis and communication skills. Graduate as an informed, influential, analytical and ethical professional, ready to step into dynamic and varied careers.

Bachelor of Law (Honours), Bachelor of Economics (Honours)

Duration: 6 years full-time
Campus: Adelaide City

Shape policy, advocate for others, and lead with the law with Adelaide University's Bachelor of Laws (Honours), Bachelor of Economics (Honours). Analyse and navigate the systems and structures that make modern Australia and explore the laws that govern our society. Our economic markets are also powered by these systems. How does the law influence the behaviours of consumers and governments? Studying law and economics will challenge you to find solutions to big questions. You'll tackle complex ideas, shape large-scale policies, and learn to think strategically. This double degree is designed for you to meet real-world challenges - empowering your success in your future career.

Bachelor of Law (Honours), Bachelor of International Relations

Duration: 5 years full-time
Campus: Adelaide City

Want to tackle complex legal and policy challenges around the world? You can combine legal expertise with an understanding of global politics, diplomacy and international systems. Unpack human rights issues on a global scale. Interrogate the laws that uphold those rights. Learn about global governance systems – the frameworks for understanding treaties, agreements, and international courts. Understand migration trends and policies. Investigate legal protections for refugees and asylum seekers. Explore politics, global trade systems and the impact of conflicts. Learn how law addresses issues like war crimes, maritime law, and international criminal law.

Bachelor of Law (Honours), Bachelor of Journalism

Duration: 5 years full-time
Campus: Adelaide City

Craft narratives, shape policy and lead with the law. With a double degree in Laws (Honours) and Journalism, you'll navigate and analyse the systems and structures that define contemporary Australia. Explore the laws that govern society – shaping acceptable behaviours, resolving conflicts, and addressing injustices. Provide expert legal advice, advocate for meaningful change, and influence public policy. Master the art of storytelling and the craft of news writing. Create compelling narratives in the public interest to complement your legal studies. Develop critical thinking skills to connect theory with practice. Effectively communicate stories that inform, challenge, and inspire action. This double degree equips you to face real-world challenges, empowering your success for a meaningful career.

Bachelor of Law (Honours), Bachelor of Psychology

Duration: 5 years full-time
Campus: Adelaide City

Studying Adelaide University's Bachelor of Laws (Honours), Bachelor of Psychology will empower you to make a positive impact on individuals and societies. Address complex problems with industry-informed problem-solving and communication skills. Study the core courses required to practice as a legal professional in Australia and learn how psychology applies to healthy development throughout the entire human lifespan. Develop an ethical focus, and how people's behaviours and interactions with the legal system are impacted by different environments, cultures and contexts. Graduate as an informed and ethically minded practitioner, ready to meet people where they're at and advocate for their needs.

Bachelor of Law (Honours), Bachelor of Sustainability and Climate Change

Duration: 5 years full-time
Campus: Adelaide City

Are you passionate about creating a fairer society? Do you dream of making a lasting impact on the planet? Combine your interests in law and environmental sustainability with a Bachelor of Laws (Honours), Bachelor of Sustainability and Climate Change at Adelaide University. Get equipped with the legal expertise to advocate for change and the environmental conscience to tackle some of the world's most pressing challenges. Gain a unique skillset across two distinct study areas and graduate with two degrees, and an Honours qualification, in just five years.

Become a champion for justice and a greener future.

Bachelor of Outdoor Environment Leadership

Duration: 3 years full-time
Campus: Adelaide City

Why this degree

Turn your love for nature and the outdoors into a rewarding career. Provide transformational outdoor experiences, promote healthy interpersonal relationships with others and nature. Inspire others to learn about our world and sustainable living. Become a conservation champion, lead eco-tourism initiatives or create programs that engage and protect our environment.

Explore exciting topics like biodiversity, ecology, coastal environments, sustainable ecosystems, adventure-based learning and outdoor leadership. Gain the knowledge and skills to build a greener, more connected community.

This unique degree combines environmental science and outdoor leadership. You'll be ready to pursue exciting roles in nature tourism, outdoor and environmental education, adventure therapy, or outdoor leadership.

Ready to lead the way in promoting a better world through the conservation of our planet?

Career outcomes

The Bachelor of Outdoor and Environmental Leadership at Adelaide University will give you a competitive edge as it's tailored to meet growing industry demand for outdoor adventure guides, educational practitioners and environmental leaders.

You could work as an outdoor environmental educator, facilitating nature-based learning experiences for young people. Perhaps you'll be an ecotourism guide, tracking animals in their natural habitat, surveying invasive marine animals, or restoring habitat. Or you might work as an outdoor adventure instructor, taking travellers bushwalking, kayaking or rock-climbing through the great outdoors.

You may go on to further study in areas such as education, therapy, management or cultural work.

You could also be a:

- Youth worker specialising in outdoor programs
- Environmental interpretation officer
- Community development officer
- Conservation officer
- Sustainability consultant
- Park ranger
- Field researcher
- Environmental consultant
- Adventure therapist.

Bachelor of Philosophy, Politics and Economics

Duration: 3 years full-time
Campus: Adelaide City

Why this degree

Study the same degree as Christopher Hitchens, Malala Yousafzai and multiple Australian Prime Ministers.

Where do new innovations spring from? Why haven't ongoing problems been solved? Why are our societies set up the way they are, and how can we create change when the status quo feels so inevitable?

Studying philosophy, politics and economics will give you an interdisciplinary understanding of three key areas that influence our past, present and future. Refine your creative problem-solving skills and learn how to think critically. Get motivated to tackle contemporary problems and global challenges. Become an informed and empowered leader capable of driving social, political and economic change.

Career outcomes

Understanding the world requires looking through more than one lens. That's why powerful leaders draw on diverse skills and knowledges. Your unique understanding of philosophy, politics and economics will equip you to problem-solve at all levels of complexity.

You might consult on policy, write it – or become a politician yourself. You might work to protect human rights around the world, joining organisations like the United Nations or Amnesty International. Perhaps you'll be a journalist, author, a television presenter or lead CEOs to success as a consultant.

You could also be a:

- Economics, policy and social analyst
- Political adviser
- Economic policy adviser
- Financial adviser
- Public policy analyst
- Foreign affairs officer
- Corporate strategist
- Entrepreneur
- Diplomat.

Careers and study

Careers

Our contemporary, future-focused degrees have been developed in consultation with industry to provide you with both the broad and specialised skills and knowledge needed in the modern workplace. You'll graduate as an ethical leader, global citizen and lifelong learner capable of resilient thinking, strategic problem solving and trusted communication, ready to take on a world of opportunities.

Prerequisites, assumed knowledge or other entry requirements

At Adelaide University we aim to place higher education in reach of students from all walks of life. Only a small number of our undergraduate degrees have prerequisites, assumed knowledge or additional entry requirements.

Degree	Prerequisites	Assumed knowledge	Additional entry requirements
Bachelor of Commerce, Master of Teaching (Secondary)	Bachelor degree must be successfully completed prior to entering the Master of Teaching (Secondary) degree.	The Master of Teaching (Secondary) assumes that you have knowledge in subject areas in which you intend to teach that align with the Australian Curriculum.	Master of Teaching (Secondary) requires you to submit a 400-600 word Teaching Capabilities Statement (TCS) outlining your motivation to teach, and a successful Working with Children Check (WWCC) obtained through the Department of Human Services.

Further study

Completed an undergraduate degree, and looking to hone your expertise?

Whatever your career stage or goal, we offer a range of postgraduate qualifications designed to help you advance your skills. We've included a snapshot of the degrees available.

Explore the full suite at: adelaideuni.edu.au/study

Master of Business Administration

Duration: 1.5 years full-time
Campus: Adelaide City

The future belongs to those who lead and inspire change. The global business landscape is evolving rapidly. It needs leaders who are ready to tackle complex problems with confidence, creativity and integrity.

If you're looking to upskill, develop entrepreneurial skills, boost your earning potential or advance your career – Adelaide University's Master of Business Administration (MBA) is for you.

Our MBA is a dynamic, engaging and flexible degree that delivers invaluable networking opportunities with peers and industry executives alike. We're the only university that offers a final capstone course by the Australian Institute of Company Directors (AICD), preparing you to think and act as a global business leader.

Career outcomes

Take your career to new heights. An MBA is a versatile qualification, meaning you can pursue careers in a number of roles and areas. You might become a corporate strategist, analysing industry trends to inform strategic decisions. Alternatively, you may lead organisational transformations as a management consultant – or launch your own startup venture.

Master of Business Analytics

Duration: 2 years full-time
Campus: Adelaide City

Assumed knowledge: Knowledge of mathematics is a good background for many courses in this degree.

In today's data-driven world, there is a growing demand for professionals who can interpret complex datasets and make tough decisions. Develop your expertise across predictive modelling and data visualisations while considering ethical practice. Learn to extract insights using artificial intelligence and chatbots, preparing you for the modern business environment. Build core business knowledge that transcends industries and roles, making you a versatile asset in any business context. Your expertise in analytics, along with your understanding of key business principles, will form the dynamic skillset companies are looking for. Graduate ready to progress your career to a senior position, or kickstart your business journey.

Career outcomes

As a Master of Business Analytics graduate, you'll be qualified for a wide range of careers. You might work across management, consulting, business acquisition or strategy. You could be a business intelligence analyst, harnessing emerging tech to deliver results. Perhaps you'll work in big data, navigating extensive datasets to drive business growth.

Master of International Business

Duration: 2 years full-time
Campus: Adelaide City

Get the confidence to succeed in business on the world stage.

As new markets emerge thanks to digitalisation and technology, businesses have more opportunity to expand their operations internationally. That's where you come in. With our Master of International Business, you'll advise companies on how to assess international market opportunities, manage value chains, formulate global marketing strategies and form partnerships with stakeholders across the world.

Build your knowledge across key business domains like marketing, management, entrepreneurship and accounting. Learn advanced international business principles ready to manage cross-cultural teams and multinational corporations. Get hands-on experience through an internship and industry/research projects.

Ready to advance your career and help businesses reach new heights?

Career outcomes

Your advanced international business knowledge could unlock a variety of careers. Maybe you'll work as an international business consultant, providing advice to companies on expanding into new markets or managing international teams. Perhaps you'll be an international risk manager, analysing risk for businesses expanding into international markets and providing recommendations. You might embark on your own venture – launching a start-up business that targets global audiences.

Master of Laws

Duration: 2 years full-time
Campus: Adelaide City

Champion legal rights and fight for your passions. Find your place in the expanding legal landscape.

Adelaide University's Master of Laws opens doors to a variety of rewarding careers. You might protect our planet by working on climate change and conservation cases. Or become a pioneer in global business, navigating international trade. Perhaps you'll defend those who have suffered from human injustices.

Explore the challenging and rewarding world of law and gain a competitive edge in your career. Advance your knowledge and become a specialist, ready to advise and lead in legal settings within Australia and internationally.

Career outcomes

Graduates will be equipped to pursue advanced careers in law, with international and/or non-governmental organisations, in global enterprises, or for governments and policy-makers.

A Master of Laws can give you a deeper understanding of the law and open opportunities in both traditional legal roles and more specialised or global positions.

You might stand up for people's rights around the world, working with organisations like Amnesty International or the United Nations. Perhaps you'll join the world of global business, helping companies navigate the complex rules of international trade.

Study 100% online

We're one of Australia's largest online universities.

Developed in consultation with industry, our 100% online degrees have been specifically designed for online learning. You'll have the freedom to study where and when it suits you with on-demand access to interactive and media-rich study resources.

From application to graduation, your online study journey will be fully supported. Our student support team is available over extended hours, ready to help you enrol, discuss your study goals, assist you in tailoring a personalised study plan or refer you to specialised support and career services.

You'll also have access to your dedicated team of experienced online teaching staff who will support your learning when you need it, even out of hours. Plus, our IT help desk is available 24 hours a day, seven days a week, so you can get help when you need it.

Studying online doesn't mean studying alone. You'll have opportunities to virtually connect with your peers and network with and learn from industry leaders and expert academics during your degree.

Unlock your potential and change your direction. Study a 100% online degree with Adelaide University.

Future-making research

Our researchers advance future-defining ideas and solutions.

They dream big, think deeply and challenge assumptions so we can make the world a better place. We forge dynamic partnerships, always collaborating to ensure our impact is transformative and enduring.

Operating on a large scale, we have more capacity for breakthroughs and a greater appetite for change.

Our research will transform South Australia's economy and accelerate its leadership on a global scale.

Our five signature research themes are founded on excellence and focused on impact:

- Creative and Cultural
- Defence and National Security
- Food, Agriculture and Wine
- Personal and Societal Health
- Sustainable Green Transition

Find out more about our research:

Applying to Adelaide University

How to apply

Applications to Adelaide University undergraduate degrees are made online via SATAC:

satac.edu.au

Applications open in early August. Apply before 30 September to avoid paying the SATAC late fee. You can add and swap preferences for most programs until the Change of Preference deadline in early January 2026, except for a handful of programs (including Bachelor of Medical Studies/Doctor of Medicine, Bachelor of Science (Veterinary Bioscience), Bachelor of Oral Health, and Bachelor of Dental Surgery) which close to new preferences on 30 September.

Entry pathways

As part of its founding charter, Adelaide University has committed to delivering higher education for everyone, no matter their educational background. We offer pathways to study that support a diverse range of learning needs. These options include Year 12 entry, International Baccalaureate (IB), Grades-based entry, STAT, TAFE, and our preparatory programs, Foundation Studies and the Aboriginal and Torres Strait Islander Pathway.

To find out more about the available pathways, see pages 16 and 18.

Adjustment factors

SATAC centrally administers two South Australian universities adjustment factors schemes. The two schemes are the Universities Equity Scheme and the Universities Language, Literacy and Mathematics Scheme.

satac.edu.au/adjustment-factors

Degree intake

Many undergraduate degrees will allow students to commence study in February or July. Please refer to individual degrees to check whether midyear entry is available. For students looking to study 100% online we have intakes throughout the year.

Deferring your studies

Most undergraduate degrees can be deferred for up to two years. Please refer to specific degrees for exceptions.

English language requirements for international students

All international students undertaking an Australian Year 12 program are required to achieve a Pass grade or above in one of the approved English as a Second Language or English language subjects. If an applicant attempts but does not pass the English language subject, then alternative options, such as an acceptable English language proficiency test result, may be arranged.

Successful completion of the International Baccalaureate (IB) diploma meets the English language requirements of Adelaide University.

Unique Student Identifier

A Unique Student Identifier (USI) is your individual education number for life. It creates an online record of your education and training undertaken in Australia. If you are at university you need a USI. Without one, you cannot receive Commonwealth financial assistance, or your qualification or statement of attainment.

For more details, visit:

usi.gov.au/students/get-a-usi

More information

Find answers to your questions using our online Knowledge Base, or our helpful staff can respond.

adelaideuni.edu.au/about/faqs

HECS Higher Education Loan

The Higher Education Support Act 2003 has undergone some change, which will affect students studying in a Commonwealth supported place from 1 January, 2021. The changes include: Adjusting the maximum Student Contribution amounts for different areas of study, for students commencing a new program in 2021, Grandfathering Student Contribution amounts for continuing students, re-introducing the 10% HECS-HELP discount for HECS-HELP eligible students who make an up-front payment of \$500 or more towards their Student Contribution amount.

All Commonwealth supported students, and students accessing any of the HELP loans, must provide their valid Unique Student Identifier (USI).

For more information, please visit:

usi.gov.au

Student services and amenities fee

Students are charged an annual student services and amenities fee (SSAF) to assist with the funding of student services and amenities at the University. Eligible students may defer this fee to an SA-HELP loan.

Additional costs

Students may be required to pay for specialist equipment and reading materials, or may incur other incidental costs throughout their studies. Students are advised not to purchase any equipment until they receive their faculty/school handbook, available during Orientation.

2025 fees and costs

Fees for Commonwealth Supported Places are calculated at the course (unit) level, not the program (degree) level, according to the area of study that each course falls within. As a guide the 2025 Student contribution bands are shown below, noting that these are likely to change for 2026.

adelaideuni.edu.au/study/how-to-apply/entry-requirements/commonwealth-supported-students

Areas of study	Student contribution per 1 EFTSL (24 units)	Student contribution per 0.125 EFTSL (3 units)
Band 1: Agriculture, English, Languages, Mathematics, Nursing, Postgraduate Clinical Psychology, Teaching	\$578	\$4,627
Band 2: Allied Health, Architecture, Engineering, Environmental Studies, IT, Performing Arts, Professional Pathway Psychology*, Science	\$1,164	\$9,314
Band 3: Dentistry, Medicine, Veterinary Science	\$1,655	\$13,241
Band 4: Accounting, Administration, Behavioural Science (not Professional Pathway Psychology*), Economics, Humanities, Law, Media, Social Studies	\$2,124	\$16,992
