Acknowledgement of Country

We respectfully acknowledge the Kaurna, Boandik, and Barngarla First Nations Peoples and their Elders past and present, who are the Traditional Owners of the lands that are home to our campuses across Adelaide and South Australia.

Launching Adelaide University in 2026

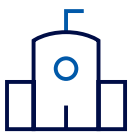

A new university with a rich history, Adelaide University is purpose-built and future focused – a place for outstanding educators, researchers, thinkers, innovators and entrepreneurs.

Education and research can empower communities. Adelaide University is rising to the occasion by delivering nation-leading curriculum, exceptional student experiences, greater access to education, world-class research excellence and strong industry partnerships.

Our ambitions

Member of the Group of Eight

Australia's leading research-intensive universities

Top 5 nationally for student experience

To be ranked in Australia's top 5 universities for student experience

Top 1 % of universities worldwide

To be sustainably ranked in the top 1% of universities globally

Second largest educator of low-SES students nationally

Top in Australia for student employment

To be ranked as the best university nationally for student employment outcomes

One of Australia's top 5 educators of regional and rural students

Our campuses

Perfectly positioned on North Terrace, our Adelaide City Campus is where cutting edge connects with tradition.

The campus encompasses precincts both east and west of the city. You'll find the latest in teaching and research facilities, along with buildings steeped in history, contemporary spaces and vibrant galleries.

Just seven kilometres east of the city you'll find Magill Campus, nestled among huge gum trees and set on acres of lush, open green space. Mawson Lakes Campus, the state's technological heart, is set alongside 114 hectares of wetlands, just 12 kilometres from the city centre.

Our regional campuses at Mount Gambier and Whyalla are well positioned within their respective regions, which offer a relaxed lifestyle.

At each of our campuses you'll find modern study and meeting spaces, including cosy student lounges, rooms for private or group study, quiet zones and collaborative areas.

Gain a digital edge to your teaching practice by undertaking our Apple eLearning program and achieve Apple Teacher status upon completion. Become a radio superstar by utilising our contemporary radio studios and broadcasting via the student-run station, UniCast. Develop your professional social work skills in our purpose-built studios, or kickstart your journalism, television, film or visual effects career in our industry-standard film and television studio.

Discover vibrant social hubs where you can join a range of clubs and teams, or meet friends after class. Unwind and stay active at the on campus sporting fields and fitness hubs.

Adelaide City Campus

Enjoy a wide range of dining choices across our Adelaide City Campus precincts including casual favourites such as burgers and salads, plus Vietnamese and Japanese eateries. Mint Café will become your go-to at Whyalla Campus, while you can grab something fresh and tasty from the canteen at Mount Gambier Campus or at one of the modern eateries on campus at Magill.

You'll never be far from your next class with affordable on campus student accommodation at Whyalla, while city loop buses will get you around Mount Gambier with ease. Our Adelaide City, Mawson Lakes and Magill campuses are easily accessed by public transport. In addition, our Magill Campus can be reached by bus or car with plenty of affordable on campus parking available.

Mount Gambier Campus

Whyalla Campus

Magill Campus

Mawson Lakes Campus

World-class facilities

Australia's SMARTest school

Take your teaching practice to the next level in one of Australia's most technologically advanced teacher education facilities. Located at our Magill Campus, our Samsung SMARTSchool is an experimental and digitally connected learning environment which enables you to explore the potential of digital technologies to support innovative approaches to teaching and learning.

SMARTschool

Custom-built social work studios

Adelaide University has custom-built social work studios at both Magill and Mount Gambier campuses. Equipped with cameras, recording equipment and two-way mirrors, you'll be able to observe simulated scenarios and learn through self-reflection. Supported by field practitioners and academic staff, you'll gain practical interviewing and consultation skills to strengthen your professional practice.

Mount Gambier social work studios

Industry-standard film and TV studios

Whether you're studying journalism, film and television or visual effects, our industry-standard studios will enhance your learning experience. Equipped with professional green screening, cameras, lighting, and software, the film and television studio at Magill Campus offers a world-class learning environment.

You're on the air

You'll have access to contemporary, industry-standard digital radio studio facilities at our Magill Campus with our student-operated station, UniCast, broadcasting online 24/7. Gain hands-on experience in presenting and producing in a supportive environment as you learn to use commercial-grade radio hardware and software. Become a UniCast volunteer to further your radio experience, an opportunity open to all Adelaide University students. Or, be part of Adelaide University Student Radio, the oldest student-run radio program in Australia, broadcasting on Radio Adelaide.

Transformational teaching and learning

Enabling educational achievement

Adelaide University is a place for lifelong learners, thanks to our comprehensive and contemporary curriculum. Our teaching approach is shaped by our partnerships with industry and we have built work integrated learning into our degrees. Our learning practices are supported digitally while also being internationally connected and reflective of our research.

Fields of study

Adelaide University will offer more than 300 degrees across a wide range of in-demand disciplines. Our comprehensive suite of degrees will produce career-ready employable graduates, from all walks of life, aligned to disciplines and jobs in future areas of demand, including:

- Business and Economics
- Agriculture, Animal and Veterinary Science
- Architecture and Design
- Aviation
- Creative, Media and Communication
- Computer Science and IT
- Engineering
- Health and Biomedical Sciences
- Humanities and Social Sciences
- Law and Justice
- Mathematics and Data Science
- Medicine, Dentistry and Oral Health
- Music
- Nursing and Midwifery
- Property, Construction and Real Estate
- Psychology and Social Work
- Science and Environment
- Teaching and Education

Scholarships

For further information on scholarships visit: adelaideuni.edu.au/study/scholarships

Adelaide University is committed to providing educational opportunities by offering a range of scholarships. We're dedicated to ensuring students from all walks of life can access higher education. A scholarship could be the incentive you need to launch your future with us, and ensure you're prepared to step forward with confidence toward your career goals.

We're here to support your studies and help you thrive at university. Become the best you can be with an Adelaide University scholarship.

Adelaide University Vice Chancellor Scholarship

A scholarship rewarding exceptional academic achievers. Recipients receive a stipend of up to \$10,000 per annum and a 100% fee waiver for up to four years¹.

Adelaide University Future Leaders Scholarship

A scholarship recognising high academic achievers who demonstrate leadership potential and community service. Recipients will receive a stipend of up to \$15,000 per annum for the duration of the degree.

Adelaide University Aspire Scholarship

A scholarship acknowledging academic achievers who demonstrate leadership potential and community service. Recipients will receive a stipend of up to \$5,000 per annum for the duration of the degree².

Adelaide University Principals Scholarship

A scholarship rewarding students who have excelled in their school academically and exhibited qualities of active service to their school and/or community. Recipients are nominated by their school principal and will receive a stipend of up to \$3,000 per annum for three years.

Adelaide University Attainment Scholarship

A scholarship supporting students who demonstrate leadership and active community service within a work, academic or community setting and are commencing university studies through a non-ATAR or equivalent selection rank, ie. International Baccalaureate admissions pathway.

Adelaide University Career Catalyst Scholarship

A scholarship supporting students to develop their careers, with the support of an employer. Eligible recipients will receive a 30% fee waiver for the duration of their degree.

Adelaide University Postgraduate Grant

A grant for students looking to advance their career opportunities or change career direction by commencing a Master by coursework degree. Recipients will receive a one-off payment of \$5,000.

Adelaide University Access Scholarship

A scholarship supporting students who have demonstrated financial barriers to accessing post-secondary study. Recipients will receive an annual stipend of up to \$6,000 per annum³ for the duration of the degree.

Adelaide University Online Grant

A grant dedicated to students studying online and who have demonstrated financial barriers to accessing post-secondary study and/or reside in a rural, regional, or remote community. Recipients will receive a one-off payment of \$1,500.

Adelaide University Aboriginal and Torres Strait Islander Leaders Scholarship

A scholarship acknowledging exceptional academic achievement of Aboriginal and Torres Strait Islander students who demonstrate leadership potential or active service in their school or community. Recipients will receive a stipend of up to \$15,000 per annum for the duration of the degree.

Adelaide University Aboriginal and Torres Strait Islander Aspire Scholarship

A scholarship acknowledging academic achievement of Aboriginal and Torres Strait Islander students who show leadership or active service in their school or community. Recipients will receive a stipend up to \$5,000 per annum for the duration of the degree.

Adelaide University Aboriginal and Torres Strait Islander Student Scholarship

A scholarship supporting Aboriginal and Torres Strait Islander students who have demonstrated financial barriers to accessing post-secondary study. Recipients will receive an annual stipend of up to \$6,000 per annum³.

¹ Some degree exclusions apply.

² This scholarship is offered to students who have been shortlisted for the Adelaide University Leaders Scholarship but were not awarded the scholarship, or received a conditional offer but did not meet the 95 Selection Rank criteria.

³ Stipend amount will be awarded on severity of financial hardship.

The Adelaide Attainment Model

We're transforming how you'll study by reimagining the teaching and learning experience. The Adelaide Attainment model is designed for the contemporary learner and supports flexibility and engagement.

Stackable degree structures

- Enables multiple entry pathways and multiple transition points creating personalised study journeys.
- Provides greater flexibility to support study-life balance.
- Easier credit transfers between degrees.

Digitally rich learning environment

- Enhances accessibility and flexibility through the latest digital technologies.
- Provides instant content delivery and active-learning and collaboration.

Integrated learning in industry and community

- Engage in real-world industry, community and professional settings.
- Opportunities for internships, placements, community projects, volunteering, or global study experiences.
- Connect with professional networks while you study.

Common Core courses

You will be able to select Common Core courses from knowledge areas most valued by employers, including:

Artificial Intelligence:

Introduces the fundamental principles, techniques, and real-world applications of AI.

Data Knowledges:

Explores data types, sources, and structures, best practices for collecting, managing and analysing data, and strategies for evaluating and communicating information effectively.

Entrepreneurship and Design Thinking:

Develops the tools and mindset to identify opportunities, develop sustainable solutions, and drive positive change.

Ethical Knowledges:

Uncovers the fundamental principles of moral reasoning and their application to real-world situations.

Intercultural Understanding:

Fosters cross-cultural communication and competency and a deeper understanding of how one's cultural background shapes life experiences.

First Nations Knowledges:

Learning and centring Aboriginal voices and ways of knowing, being and becoming.

Graduate qualities

Our curriculum design means you will graduate as a:

Lifelong learner:

Have enduring passion for personal and professional development.

Ethical Leader:

Do what is right over what is easy.

Strategic problem solver:

Approach challenges with analytical rigour and creative insight.

Global citizen:

Respect your role in the world and your capacity to enact positive change.

Resilient thinker:

Succeed by harnessing critical, creative and adaptable thinking.

Trusted communicator:

Articulate ideas effectively and inspire change.

Embedding First Nations knowledges

First Nations Knowledges are meaningfully embedded into all curriculum through careful and purposeful collaboration with Aboriginal scholars, academics, Elders, Communities and Knowledge Holders. Cultural safety, strengths-based approaches, and centering Aboriginal voices and ways of knowing, being and becoming are emphasised and integrated across all our study areas.

The Adelaide Academy

The Adelaide Academy provides a wide range of intercurricular, co-curricular and extracurricular activities across a range of areas, including personal discovery, equity and social change, innovation, leadership for the future, and widening perspectives as well as additional mentoring and work-integrated learning.

Equity

Adelaide University provides equity-aligned pathways to study and personalised support to remove barriers to education. This includes:

- An environment that supports diverse student participation.
- Equitable access to a world-class education for learners of potential.
- Advancing the access, participation and success of First Nations Peoples.
- Supporting you through your university experience to help you succeed in your learning and career journey.

Exceptional student experience

adelaideuni.edu.au/life-at-adelaide/student-life

Adelaide University celebrates diversity and student voices. Our vibrant and inclusive student community is a place for you to feel empowered, explore your passions and discover your purpose.

We're here to support you on your student journey, from day one. On campus and beyond, you'll have access to dedicated teaching and supporting staff, and a wide range of services.

Aboriginal student services

Culturally safe and dedicated support services including scholarships, study help, peer mentoring and more, are available to Aboriginal students.

Academic support

Whether you need general study guidance or more specific assistance, we've got you covered. You'll have access to writing, study skills and maths support, along with peer-led learning and 24/7 online support.

Access and inclusion

If you have a disability, impairment, chronic health condition, or significant caring responsibilities, you can access confidential and personalised advice, adjustments and support to help you reach your study goals.

Accommodation

Find your home away from home. We'll support you to find and apply for accommodation that's convenient, safe, accessible and right for you.

Career services

Prepare for a lifetime of success. Attend networking and industry events, build career planning and management skills, access job opportunities and more.

Counselling

Take care of your personal wellbeing with access to qualified counsellors on campus and online. Sessions are free and confidential.

Health clinics

Stay healthy by accessing a range of on campus health clinics at reduced student rates including GP services, physiotherapy, podiatry, psychology and more.

Orientation

Take the first step toward a fulfilling experience with our Orientation program. Join a campus tour, gain an understanding of your degree, meet people you'll be studying with and enjoy fun activities and events. You'll also be able to participate online.

Religious needs

Private prayer rooms are available across all our campuses. You can also join a faith-based student group or connect with a range of religious chaplains and pastors on campus.

Sports and fitness

Join a sports team, take a group fitness class, or hit an on campus gym or pool between classes. There's something for everyone to stay fit and feel good.

Student clubs, societies and association

Your student association is the voice and social heart of your student experience. With a wide variety of clubs and societies, you'll be sure to find your people and your passion.

Pathways to Adelaide University

There are many ways you can gain entry into one of our degrees.

Selection rank

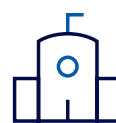

Guaranteed Entry

Grade-based Entry

STAT

Higher Education GPA

VET studies

Selection rank (ATAR plus adjustment factors)

If you have qualified for the South Australian Certificate of Education (SACE) or hold an equivalent recent year 12 qualification, including the International Baccalaureate Diploma (IB), and have achieved a competitive selection rank, you can use this as a pathway into university.

Your Selection Rank (ATAR plus any applicable adjustment factors) will be used to compete for a place in a university degree. For the majority of our undergraduate degrees, you must not have completed more than 2 years full-time equivalent university study (48 units) to use your year 12 results.

Some degrees take additional factors into account as well as or instead of your ATAR, such as auditions, the University Clinical Aptitude Test (UCAT), oral interviews, etc.

Guaranteed Entry

Guaranteed Entry gives you certainty when applying to study at Adelaide University using your ATAR. Most of our undergraduate degrees have a fixed entry selection rank (including adjustment factors), which means if you achieve that selection rank or higher, and meet any additional admissions criteria such as subject prerequisites, you are guaranteed entry into that degree.

Grade-based entry

If you've completed your SACE and achieved an ATAR, you may also be eligible for entry into some of our most popular degrees based on your grades in selected year 12 subjects. You don't need to apply to be considered for grade-based entry, as this will automatically be done by SATAC on behalf of Adelaide University.

STAT (Skills for Tertiary Admissions Test)

Never completed year 12 or any other higher education? You may wish to use the Skills for Tertiary Admissions Test (STAT) to gain entry to university. The STAT is a two-hour, multiple-choice test designed to assess a range of skills and knowledge needed to study at university.

The Australian Council for Educational Research (ACER) coordinates the STAT. To sit the test, you'll need to be over 18 years old before 1 February in the year that you wish to commence study. If you have been enrolled in the last two years, you must not have completed more than two years (full-time) tertiary study in total. For more information, visit:

stat.acer.org/au

Higher Education GPA (Grade Point Average)

If you already have completed at least six months (full-time) of a recognised higher education degree at a recognised higher education institution, you can use your Grade Point Average (GPA) to gain entry to Adelaide University.

Internal transfer

Perhaps you gained entry to a degree that wasn't your first preference or, after completing a few courses, have changed your mind about what you'd like to study. You can use your GPA (or any eligible previous qualifications) to apply for what is called an internal transfer. This is an option available to students who may have already started studying in one degree and, for a range of different reasons, would like to transfer into another degree at the same university. Please note that not all degrees are available via internal transfer. If unsure, you can contact our friendly student advisors for assistance.

Vocational Education and Training (VET) Studies (Certificate IV or higher)

Have you completed a VET qualification at a Certificate IV or higher level? Your completed qualification can gain you entry to many of our degrees.

For students that have studied at either TAFE SA or other Registered Training Organisations (RTOs), most Certificate IV courses (including former Advanced Certificates or equivalent) meet the minimum entry requirements for a wide range of our undergraduate degrees. In some instances, a successfully completed Diploma or Advanced Diploma will be required to meet the minimum entry requirements.

Preparatory programs at Adelaide University

Adelaide University is committed to providing access to higher education for people from all backgrounds and circumstances in life, and we offer a range of preparatory programs to help you gain entry into your preferred degree.

Fee free tuition (a student amenities fee is required)

Our Foundation Studies and Aboriginal and Torres Strait Islander Pathway programs provide fee-free pathways to university, regardless of your educational experience. If you do not meet the required qualifications for direct entry into a bachelor degree, these programs provide alternative entry options while helping you adjust to the university environment.

Our preparatory programs set you up to succeed at university by building academic skills and prerequisite knowledge. You'll experience life as an Adelaide University student, learn from expert staff and have access to the full range of support services we provide.

Once you've successfully completed your program, you'll be able to transfer into one of Adelaide University's world-class undergraduate degrees.

Foundation Studies

Foundation Studies is a fee-free program with no tuition fees. A student services amenities fee applies to all university students which can be deferred through the Federal Government HECS-HELP loan scheme. This program supports students with no previous qualifications to learn the skills required for successful university-level study.

It is designed for a range of students, including those who may not have an ATAR, are from regional and remote areas, are first in their family to attend university or who may have spent extended periods of time away from formal education.

The Foundation Studies program is split into three blocks, with a series of entry, exit and transition points that cater to diverse educational backgrounds and your chosen destination degree.

adelaideuni.edu.au/study/degrees/foundation-studies

Aboriginal and Torres Strait Islander Pathway

Adelaide University is committed to becoming a university of choice for Aboriginal Peoples. Our Aboriginal and Torres Strait Islander Pathway is a fee-free program with no tuition fees. A student services amenities fee applies to all university students which can be deferred through the Federal Government HECS-HELP loan scheme. This program is offered also in regional areas, and provides culturally aware entry options and tailored study support. Like Foundation Studies, the Aboriginal and Torres Strait Islander Pathway is split into three blocks, with a series of entry, exit and transition points that cater to diverse educational backgrounds and your chosen destination degrees.

adelaideuni.edu.au/study/degrees/aboriginal-and-torres-strait-islander-pathway

Block 1: preparatory courses

The Block 1 courses develop your study skills, communication, critical writing, and research, including support in writing academic assignments, referencing and effective time management. These skills and experiences will create a strong foundation for your future at university.

On completion of this program block, you will have developed a comprehensive understanding of the university learning environment and will be able to successfully navigate studying at university. Additionally, you'll be able to communicate effectively in written and oral formats, engage confidently with numeracy, undertake academic research and have developed a tool kit to approach and organise your study.

Block 2 - UniStart: pathway to guaranteed entry degrees

Students who have completed year 11, SACE or a Certificate 3 can enter the Foundation Studies program or Aboriginal and Torres Strait Islander Pathway directly at Block 2 - UniStart.

Block 2 - UniStart extends your engagement with the higher education learning environment and provides foundational knowledge and skill development for your intended destination degree. The courses are designed to develop critical thinking and foster an understanding of university and career pathways while developing foundational knowledge and skills in your chosen discipline.

On completing Block 2 - UniStart, you'll be guaranteed access to a range of accepting degrees, noting that some undergraduate degrees may require a minimum GPA to qualify.

Block 3: pathway to selective entry degrees

Block 3 is designed to provide a pathway for students wanting to enter selected Adelaide University undergraduate degrees. The courses in this block build on the foundational discipline concepts established in Block 2 - UniStart, and will extend your knowledge to help you meet the entry criteria for your chosen degree.

Completing Block 3 qualifies you to apply to selective undergraduate degrees based on your GPA. Some selective undergraduate degrees with limited numbers of professional placements set caps on the intake, and entry may be competitive.

Steps to success

STEP 1

Explore your study options

Researching your study options is an important first step, and there are many different tools and resources available to help you. You could start by reading through this brochure or head online to explore our website:

adelaideuni.edu.au/study

Attending our Open Day is another great way to get a feel for what university life is like and to learn about the range of services available to support you during your university studies. You could also book a time to chat with one of our friendly future student advisors to ask any specific questions you may have.

STEP 3

Apply via SATAC

Applications open in early August for study commencing in the following year. You can apply for your chosen degrees through the SATAC website.

Before you apply, it's a good idea to familiarise yourself with the application process. This includes things like key dates and deadlines for applications, as well as SATAC fees and charges and when to pay. For more information, visit the SATAC website.

Useful links

Find your Adelaide University degree:
adelaideuni.edu.au/study

Have an enquiry:
adelaideuni.edu.au/study/enquire

Scholarships:
adelaideuni.edu.au/study/scholarships

SATAC:
satac.edu.au

STEP 2

Check you meet the eligibility and entry requirements

All degrees have entry requirements—these are specific criteria you have to meet in order to be eligible for entry into a degree. Each degree will have different entry requirements, so it's important to find out what these are for your chosen degree and make sure you can meet them.

Entry requirements can include things like:

- Prerequisites you will need to complete either during your high school (SACE/IB) studies, bridging courses or approved alternatives.
- Assumed knowledge topics that, while not essential for admission into a degree, will help prepare you for many of the topics you'll study during your degree.
- Non-standard entry requirements, such as: attending an interview, undertaking additional assessments (e.g. the UCAT ANZ), performing an audition, submitting a written statement or creative portfolio.

STEP 4

Keep your preferences up to date

As part of your SATAC application, you'll be asked to list up to six preferences—these are the six degrees you are most interested in studying. SATAC makes offers by working down your preference list, so it's important to make sure your first preference is the degree you want to study most.

If you change your mind after you've submitted your application, don't worry! SATAC allows you to check and change your preferences as many times as you want before the cut-off date for your specific offer round. For a list of key dates, visit SATAC's website.

Helpful tip: Be sure to include some 'back up' options on your application. If you need support in choosing the best back up options or pathways into your dream degree, get in touch with our friendly future student advisors.

STEP 5

Check your offer

SATAC run several smaller offer rounds, one main offer round, then continue to make offers in the lead up to the start of the study period you applied for. SATAC makes offers to the highest preference for which you are eligible. This means the degree you most want to study should be your first preference. Remember to check all email folders—including your spam folder—for your offer.

Helpful tip: Didn't receive an offer for your first preference? Don't stress—you could still be considered for future rounds!

STEP 6

Accept your offer

An offer email will be sent to the email address you provided on your SATAC application. If you have received an offer you don't need to respond, as SATAC will accept the offer on your behalf. If you would like to defer your offer until the following year, you will need to log in to your application through the SATAC website and change the response to the 'defer' option.

If the offer you received was for a degree that is not your first preference, SATAC will accept the offer but note that you would still like to be considered for an offer to your higher preference(s).

STEP 7

Welcome to Adelaide University

After accepting your offer, we'll send you an email outlining important information to help you get started at university, including your new university ID number.

At this stage, you can start to plan your timetable, enrol into your courses, attend orientation activities, and begin your university journey.

HUMANITIES

Degrees

Undergraduate

Bachelor of Arts

Bachelor of International Relations

Postgraduate

Master of Aboriginal Studies

Master of Curatorial and
Museum Studies

Cultivate purpose

See the world through new eyes. Cultivate a sense of purpose, curiosity and creativity to drive change and shape the future. Guided by our expert teaching you'll broaden your perspectives, advance your creativity and develop essential skills in critical thinking, research, analysis, communication and collaboration.

Explore your passions from Aboriginal studies and English literature, to linguistics, politics, international studies, history and so much more. You'll be empowered to demonstrate your diverse ways of knowing, being and doing, while work integrated learning experiences will ensure you graduate ready to make a difference.

Make your degree your own with the flexibility to choose from a wide range of majors and electives and build a unique pathway that aligns with your interests and career goals.

World-class research

Your learning will be informed and supported by world-class research. Our researchers are thought leaders and change makers. Adelaide University is home to the internationally recognised interdisciplinary research centre Creative People, Products and Places (CP3), which focuses on humanities and creative practice research.

Career prospects

Over the coming decade, it's predicted that 92% of new jobs created will require post-secondary education. Now, more than ever, employers are seeking a workforce with high level communication and problem-solving skills, creativity, adaptability and leadership capabilities which, as an arts graduate, you'll be well positioned to meet head on.

Tell stories that matter

Create, inspire and influence through a variety of media and communication mediums. Our degrees have been designed in consultation with industry to ensure you develop essential content creation, communication, research and analytical skills that are both highly relevant to your chosen media and communication pathway and transferrable across industries.

Guided by our world-class teaching staff you'll explore the latest issues, trends and technologies across the media and communication landscape, and learn to leverage these to connect with your audiences.

You'll have many opportunities for work integrated learning such as internships and industry projects, including immersive learning experiences directly alongside industry heavyweights.

World-class research

Your learning will be informed and supported by world-class research. Many of our teaching staff have national and international research profiles within their field of expertise and most are actively engaged with industry. Our research focuses on the complex interaction between media, individuals and societies in evolving technological, political and cultural environments.

Career prospects

In an era where content is expected on demand at a rapid pace, the need for skilled communication and media professionals has never been higher. It's expected that employment growth for the majority of media related roles will continue to be strong into the future.*

SOCIAL WORK AND SOCIAL SCIENCES

Degrees

Undergraduate

Bachelor of Social Science

Bachelor of Social Work

Bachelor of Social Work (Honours)

Postgraduate

Master of Social Work

Empowering people

Around 30% of Australians experience some form of disadvantage while almost 50% will experience a mental health condition in their lifetime. Skilled professionals are essential in supporting and empowering individuals and communities to improve inclusion and wellbeing.

Guided by our world-class teaching staff, you'll discover techniques to develop rapport, ask effective questions, interact with cultural sensitivity and communicate clearly. You'll be supported to develop the skills and knowledge that will enable you to drive improved social outcomes.

You'll access work integrated learning opportunities such as internships and placements while simulated practical learning experiences, utilising public clinics like our Psychology Clinic that will build your knowledge and confidence in a supported environment.

World-class research

Your learning will be informed and supported by world-class research. With on campus research centres like the Behaviour-Brain-Body Research Centre, you'll be at the cutting edge of real-world breakthroughs.

Career prospects

Healthcare and social assistance has been the primary industry for new jobs within the Australian labour market since the 1990s, and with wait lists for mental health services continuing to climb, the demand for qualified professionals has never been greater.*

Ignite a love of learning

Teachers play a crucial role in our development, especially for babies, children and young people. From early childhood to adult education, whatever you see yourself teaching we can help you get there. Supported by our world-class teaching staff you'll develop the skills and knowledge to run an engaging classroom and lead modern education practices.

From your first year you'll gain valuable real-world experience, and will continue to build your confidence and expertise throughout your studies via extensive practical placements across a variety of education settings. You'll graduate ready to enter the classroom as a digitally competent, culturally sensitive teacher equipped with essential communication and critical inquiry skills.

World-class research

Your learning will be informed and supported by world-class research. Adelaide University is leading the way in shaping the future of education, particularly through emerging understanding of learner diversity and technological advancement with our Centre for Change and Complexity in Learning, Centre for Islamic Thought and Education, and Centre for Research in Educational and Social Inclusion at the forefront of this research.

Career prospects

Demand for teachers and educators across the lifespan is expected to remain strong*, with particularly high demand for early childhood educators in South Australia as the government implements expanded access to preschool.

**Australian Government, Labour Market Insights, 2023*

Bachelor of Arts

Duration: 3 years full-time
Campus: Adelaide City, Magill

Why this degree

How does the content we consume shape our understanding of the world? Does our postcode predict our future salary? Can the use of generative AI tools ever be ethical? What does it mean to 'belong' in a community?

Our Bachelor of Arts empowers you to tackle big questions that have no easy answers and discover solutions where others see only obstacles. It prepares you for a huge variety of careers where understanding how to work with people, communities and complex systems is essential.

Build your dream degree and future-proof your career by majoring in up to two unique study areas. Sharpen your critical thinking, research and communication skills while gaining real-world experience through internships and professional industry experiences.

Wherever life takes you, an arts degree from Adelaide University gives you the foundation to help shape our world for the better.

Career outcomes

Your arts degree will empower you to uncover a wide range of career choices that align with your values and interests. You'll graduate with the knowledge and skills to thrive in our rapidly changing world and make change for the better.

The career choices available are as diverse as the courses you've studied and the versatility of an arts degree means you can apply your skill set to almost any industry.

You could combine your expertise in Aboriginal studies and linguistics to support First Nations communities to revive, protect and promote the recovery of endangered Aboriginal languages. You might draw upon your sociology skill set to lead social service programs, supporting and advocating for people experiencing homelessness. Or perhaps you'll utilise your knowledge of environmental management to advise local government on transitioning to more environmentally sustainable approaches to public works projects.

More broadly, you could find work in the public or private sector, in areas such as:

- Foreign affairs and diplomacy
- Policy development
- Environmental management and planning
- Corporate communications
- Humanitarian work
- Government and public service
- Management
- Marketing and public relations
- Media and publishing.

This degree also provides a pathway for further postgraduate study or research.

Bachelor of Arts majors

Bachelor of Arts majoring in Aboriginal Studies

Campus: Adelaide City, Magill

Are you interested in understanding the lived experience of Aboriginal Peoples and creating positive change through genuine and respectful engagement? Study a Bachelor of Arts majoring in Aboriginal Studies and develop your understanding of the past to shape a more equitable future for all.

You'll explore Aboriginal perspectives and knowledge systems, engaging in immersive land-based learning to better understand connections to space and place. Analyse, discuss and debate key issues affecting Australian and international Indigenous Peoples – such as cultural revitalisation, governance, health and social justice.

You'll graduate equipped with the expertise to work alongside and advocate effectively for First Nations communities in a range of careers.

Bachelor of Arts majoring in Anthropology

Campus: Adelaide City, Magill

Our Bachelor of Arts majoring in Anthropology is packed with fascinating insights into what it means to be human. Explore the world. Immerse yourself in different cultures and experiences. Open your mind to new ways of being, thinking and knowing. You'll learn how to navigate ethical challenges in anthropology with sensitivity and skill and undertake advanced ethnographic research. Let curiosity be your guide as you unpack your own cultural beliefs and biases. Be guided by a community of seasoned researchers experienced in ethnographic fieldwork. Graduate ready to influence the global anthropology landscape and make an enduring contribution to human knowledge.

Bachelor of Arts majoring in Archaeology and Classical Studies

Campus: Adelaide City, Magill

Our Bachelor of Arts is flexible and future-focused, preparing you for career success. In the Archaeology and Classical Studies major, you'll encounter millennia of human resilience, struggle and triumph. Study the Classical world – from Homer to the fall of the Roman Empire, exploring pivotal discoveries and questions in archaeology. Trace the rise and fall of leaders like Alexander the Great and Cleopatra. Build practical skills in archaeological fieldwork, from surveying to sophisticated remote sensing and geographic information systems (GIS). Graduate with practical, in-demand skills, ready for employment in heritage industries, mining, archaeology, government, museums and more.

Bachelor of Arts majors

Bachelor of Arts majoring in Art History and Visual Culture

Campus: Adelaide City, Magill

Our Bachelor of Arts is flexible and future-facing, focused on career preparation and real-world experience. In the Art History and Visual Culture major, you'll study how art has shaped identities and society through the ages. See the world through a new lens. Learn how art reflects and challenges ideas about race, gender and social class. Explore new technologies transforming the field. Our hands-on approach means you'll gain real experience in the creative industries and establish meaningful professional connections. You'll develop visual literacy skills for dynamic careers in creative and cultural fields. Graduate as a visionary thinker, ready to enrich contemporary society with out-of-the-box ideas.

Bachelor of Arts majoring in Chinese Studies

Campus: Adelaide City, Magill

Our Bachelor of Arts is flexible and future-focused, designed to build creative thinking and get you career-ready. The Chinese Studies major explores the language, culture, history and socio-economic issues of China. Learn to speak Mandarin and communicate confidently in Chinese cultural, societal and business contexts. Engage with cutting-edge research through guest lectures and partnerships with leading Chinese universities. Enhance your professional profile with experiential learning opportunities, including study abroad programs and internships. Gain first-hand experience of China's global influence and graduate ready for complex careers in international business, trade, diplomacy, communication and technology.

Bachelor of Arts majoring in Creative Writing

Campus: Adelaide City, Magill

Humans have always been storytellers. From sharing stories around the fire, to writing the latest bestseller of today. Stories can be used to comfort or challenge, remember or reimagine, educate or entertain.

Our Bachelor of Arts majoring in Creative Writing will teach you how to observe and respond creatively to the world around you, using literary and compositional skills. You'll explore a wide range of literary genres including fiction, creative non-fiction, memoir, screenwriting and poetry and develop a comprehensive portfolio of your own writing. Industry experiences and internship opportunities help you make connections and hone your professional skill set.

You'll graduate an expert storyteller, with the skills to captivate audiences and leave your mark on the literary world.

Bachelor of Arts majoring in Cultural Studies

Campus: Adelaide City, Magill

Can the way a city is designed show us what a society values and prioritises? How do 'aesthetic' social media trends influence our spending habits? What does it mean to be successful, according to different cultures?

Through our Bachelor of Arts majoring in Cultural Studies, you'll explore the different ways culture influences our lives and shapes our identity. Discover how everything – from the music we listen to, the clothes we wear, the food we eat and the way we communicate – hints at what we value, how we see ourselves and our place in society.

Question your assumptions. Challenge social norms. Gain a more expansive view and appreciation of cultural diversity. Develop high level communication and critical thinking skills. Graduate equipped for an exciting career in a range of people-focused industries.

Bachelor of Arts majoring in English Literature

Campus: Adelaide City, Magill

Studying English literature provides a glimpse into what life was like for people living during a certain time or place in history. Plays that poke fun at the authority figures of Elizabethan London. Poems trying to make sense of life in the wake of World War I. Graphic novels of today, finding new ways to move and provoke readers. With our Bachelor of Arts majoring in English Literature, you'll be introduced to the key genres, methods and traditions of literature written in English – from Shakespeare to the present day.

Explore a wide range of literary forms including plays, poems, short stories, graphic novels and more. Develop high-level skills in literary analysis, argument and evaluation. Hone your professional skills through industry experiences and internships.

Emerge with the expertise to thrive in your next chapter.

Bachelor of Arts majors

Bachelor of Arts majoring in Environmental Management

Campus: Adelaide City, Magill

The environmental challenges we face today are complex and undeniable. Protecting and sustaining our natural world for generations to come will require the expertise of many.

Our Bachelor of Arts majoring in Environmental Management will equip you with the skills to contribute to this vital work.

Examine the impacts of human economic activities and their relationship to current environmental issues. Expand your knowledge of biodiversity, water, land and climate issues. Learn how research outcomes can be effectively translated into environmental policy and on-the-ground action. Gain a solid grounding in the principles and practices of environmental management and discover the role of environmental impact assessments (EIA) in guiding best-practice approaches. Graduate ready to address environmental challenges head-on.

Bachelor of Arts majoring in French Studies

Campus: Adelaide City, Magill

Ever been influenced by a French artist, writer or thinker, like Voltaire, Diderot or Sartre? What about the food, films and fashion? France's cultural impact is undeniable. Our Bachelor of Arts majoring in French Studies builds your language skills in reading, writing, listening and speaking. Learn to construct effective arguments in French and excel in professional settings. You'll explore France's culture through courses on French literature, film and contemporary society. Enjoy guest lectures by local and international scholars. Benefit from hands-on learning, including internships and study abroad programs. You'll graduate ready to pursue careers in international business, diplomacy, teaching, tourism and more.

Bachelor of Arts majoring in Gender and Sexuality Studies

Campus: Adelaide City, Magill

Prepare for a meaningful career with our flexible and future-focused Bachelor of Arts. In the Gender and Sexuality Studies major, you'll tackle complex and controversial social and cultural issues. Examine how gender and sexuality intersect with race, class and other social identities. Dissect social structures and cultural dynamics to understand power, privilege and identity. Reflect critically on your own positionality. Learn to collaborate meaningfully and thrive in industry settings, with hands-on internships in the field. You'll graduate with the analytical and communication tools to champion marginalised perspectives in your future workplaces and communities – on both the local and global stage.

Bachelor of Arts majoring in Geography

Campus: Adelaide City, Magill

Our Bachelor of Arts is designed to help you think critically, succeed in your career and adapt to a changing future. The Geography major covers human and physical geography, focusing on themes of space and place. Prepare to roll up your sleeves and tackle the pressing challenges of our world. Get hands-on with the latest geographical tools. Learn how to gather, assess and present complex data. Benefit from immersive field trips and real-world case studies. You'll learn first-hand how to piece together environmental puzzles and come up with smart, practical solutions. You'll gain analytical and technical skills for careers in planning, policy, natural resources, emergency management and more.

Bachelor of Arts majoring in German Studies

Campus: Adelaide City, Magill

Ready to become a truly global citizen? Learning a new language means unlocking different ways of being and seeing the world. Gain a unique sense of achievement. Access deep cultural understanding. Enhance your humanity and open doors to new experiences in a globally connected world. With our evidence-based and hands-on teaching approach, you'll actively talk and interact in German from the beginning. You'll enjoy meaningful cultural experiences, including international exchanges with the German Academic Exchange Service. You'll graduate as an adaptable professional, ready to thrive in multilingual careers. Whether international business, diplomacy, teaching or tourism, your language skills and cultural insights will open doors to exciting opportunities.

Bachelor of Arts majoring in History

Campus: Adelaide City, Magill

Studying history opens your eyes to the present. Ever been confused by current events, wondering how things came to be the way they are? History provides the context. With a Bachelor of Arts majoring in History, you'll embark on a journey through time, from the Stone Age to the modern day. Examine civilisations around the world, the impact of world wars, major historical changes, and the relationship between humans and technology. Tailor your studies to your specific interests. Build transferable skills in data analysis, research and critical thinking. Undertake professional placements to establish industry connections. Graduate prepared for a broad range of careers, ready to shape the future with your understanding of the past.

Bachelor of Arts majors

Bachelor of Arts majoring in International Development

Campus: Adelaide City, Magill

Ready to address global challenges and make a real difference? Advancing health equity. Expanding educational opportunities. Ending poverty. Promoting gender equality. Upholding human rights. Protecting our planet. Enhancing disaster resilience. With a Bachelor of Arts majoring in International Development, you'll gain the skills to inspire positive change and build a more just and equitable world. Learn from leading experts with extensive global policy and aid experience. Gain practical skills through internships with our industry partners. Be the force behind meaningful change. Advocate for others. Shape a brighter future for communities worldwide. Your journey to changing the world begins at Adelaide University.

Bachelor of Arts majoring in International Security

Campus: Adelaide City, Magill

Ready to step up? Our International Security major gives you an in-depth and nuanced understanding of regional and global security challenges facing Australia and its allies in the Indo-Pacific. The degree is challenging and comprehensive, building critical analytical and strategic skills to address traditional and emerging security threats. Learn to solve complex problems, assess risks and make informed policy decisions. Explore international negotiations, crisis decision-making, terrorism, ethics, security and justice in Australia – and beyond. Engage with international security experts through guest lectures, workshops and hands-on internships. Graduate with in-demand skills across private security, government, NFPs, international business, media and more.

Bachelor of Arts majoring in Italian Studies

Campus: Adelaide City, Magill

Immerse yourself in a culture known for its rich heritage, iconic cuisine, beautiful landmarks, and artistic contributions that have made a lasting impression on the world. Italy is one of the most visited countries, with the largest number of cultural sites globally. Imagine a career that transcends borders, opening you up to international job opportunities. In the Bachelor of Arts, you can complete two majors – so you can tailor your major in Italian Studies to your unique career aspirations. You might work across business, tourism, hospitality, fashion, design or international law.

Bachelor of Arts majoring in Japanese Studies

Campus: Adelaide City, Magill

Our Bachelor of Arts is flexible and exploratory, designed to build critical thinking skills and prepare you for professional success. The Japanese Studies major explores Japan's language, culture and global impact. You'll investigate the role of language in society, analyse emerging research – and even undertake your own. Our curriculum goes beyond studying Japan from a textbook perspective, focusing on experiential learning and real-world application. You'll build a versatile toolkit of intercultural communication and digital literacy skills. Whether you aim for roles in international business, diplomacy or cultural exchange, you'll graduate ready to take on exciting challenges in a globally connected world.

Bachelor of Arts majoring in Linguistics and Applied Linguistics

Campus: Adelaide City, Magill

Build a deep understanding of human language and explore the relationship between language, meaning, the self and society. With our Bachelor of Arts majoring in Linguistics and Applied Linguistics, you'll explore the diversity of the over 7000 languages spoken today. Learn how they influence and reflect the human experience and discover how linguistics applies to contemporary issues. Engage in industry placements to build expertise. Master cross-cultural communication. Champion social justice by breaking down language barriers. Preserve cultures, celebrate diversity and fight discrimination. Use your voice – and your understanding of linguistics – to become an advocate for change.

Bachelor of Arts majoring in Philosophy

Campus: Adelaide City, Magill

Our Bachelor of Arts has a strong focus on flexibility, critical thinking and career readiness. The Philosophy major is tailored for curious minds eager to understand and influence the philosophical discussions that shape our world. You'll explore big questions concerning reality, meaning and morality. What is consciousness? Do we have free will? Is it ever okay to interfere with another person's autonomy? Investigate complex issues – from the nature of time and space to human knowledge and consciousness. Our hands-on approach means you won't just learn about philosophy; you'll actively philosophise yourself. You'll build a formidable toolkit of analytical, problem-solving and creative thinking skills, all highly valuable across your future career.

Bachelor of Arts majors

Bachelor of Arts majoring in Politics

Campus: Adelaide City, Magill

Are you curious about power, freedom and how countries are governed? Studying the Bachelor of Arts majoring in Politics allows you to see beneath the surface of world affairs. It's a chance to develop a global perspective, understand how societies are structured, and see how events on the other side of the world can impact your local community. Explore big ideas about ethics, morality, rights and responsibilities. Undertake placements and investigate real-world challenges. Select a second major to broaden your knowledge and employment prospects. Graduate prepared to make informed decisions, influence policy and address the most urgent social, economic and environmental issues of our time.

Bachelor of Arts majoring in Population and Migration Studies

Campus: Adelaide City, Magill

Our Bachelor of Arts is flexible and future-focused, nurturing creative thinking – and career preparation. The Population and Migration Studies major is interdisciplinary, exploring global and Australian population dynamics and migration. You'll tackle big questions in the field. Why do people choose to live in the city? How does migration change the culture of a country? What are the social impacts of overpopulation? Through data analysis, policy examination and case studies, you'll learn to lead change and make informed planning decisions. Your expertise can play a key role in vital humanitarian efforts, policy and research, with exciting opportunities for innovation and impact.

Bachelor of Arts majoring in Screen Studies

Campus: Adelaide City, Magill

Our Bachelor of Arts degree is renowned nationally and internationally for undergraduate study in the humanities and social sciences. Majoring in screen studies will give you the skills and knowledge to critically evaluate film texts and industries, developing a deep understanding of theoretical, historical and critical approaches to analysis. You will study cinema and film culture from around the world, exploring a range of genres – from horror and science fiction to crime noir and Spaghetti westerns. In addition, you will select a second major to create a unique degree and graduate with multi- and interdisciplinary expertise. You will engage in real-world learning, enabling you to explore professional pathways in areas aligned with your interests.

Bachelor of Arts majoring in Social Research and Policy Analysis

Campus: Adelaide City, Magill

Do you dream of making the world a better place? Explore the potential for policy to make positive social change with Adelaide University's Bachelor of Arts majoring in Social Research and Policy Analysis.

Analyse contemporary social challenges, understand the influence of evidence in shaping policy and learn how to design and conduct research. You'll also explore solutions for an equitable future and develop the skills to advocate for evidence-based policy. Flexible work integrated learning and a final year internship will get you job ready.

Equipped with a double major and knowledge that is both broad and deep, you'll have a range of career opportunities available to you.

Bachelor of Arts majoring in Sociology

Campus: Adelaide City, Magill

Do you want to drive positive social change and become a compassionate, creative leader in our diverse and dynamic world? Adelaide University's Bachelor of Arts majoring in Sociology will challenge you to think ethically and act creatively and compassionately. You'll explore current social issues and crises, learn about important social institutions, and understand the forces that influence them. Highly flexible with a range of majors to choose from, this degree allows you to tailor your studies to your specific interests. You'll graduate in demand by a range of sectors – including government, social services, public health policy, criminal justice and more.

Bachelor of Arts majoring in Spanish Studies

Campus: Adelaide City, Magill

Our Bachelor of Arts is future-focused and flexible, centred on exploratory learning and career readiness. The Spanish Studies major immerses you in Spanish language, culture and society. Through language acquisition, literature and contemporary culture courses, you'll discover the rich traditions of the Spanish-speaking world. Our staff are passionate, experienced and accessible, eager to propel your language mastery forward and support your research ambitions. Benefit from personalised tutoring and mentoring. Participate in immersion programs and exchange partnerships overseas. Gain real-world experience through tailored internships. You'll graduate ready for dynamic careers that demand cultural agility and a global perspective.

Bachelor of Communication

Mode: 100% online
Duration: 3 years full-time

Why this degree

Transform ideas into compelling narratives that resonate with diverse audiences.

Become a skilled architect of dialogue, crafting compelling campaigns that captivate the digital landscape.

Picture yourself as a social media maestro, orchestrating impactful messaging for government, industry, or non-profits. Or work as a public relations expert steering an organisation through the storm of a crisis.

Gain real-world experience while learning to connect, persuade and inspire. Whether that's writing articles that spark conversations in the community or designing engaging content for a travel website – your way with words can shape perceptions and drive change.

Your future as a communication expert awaits.

Career outcomes

With a communication degree you could become a communication officer, delivering key messages and managing media relations. Or you might take on a content creator role, crafting engaging copy for social media, blogs and websites.

Maybe you'll specialise in digital media, building and executing strategies as a social media manager. There are also opportunities to work as a media liaison officer, coordinating press events and managing media inquiries.

As a graduate you'll be able to take on a variety of roles in different organisations. From healthcare, financial services, IT, community organisations to not-for-profit and government, the opportunities are endless.

Bachelor of Digital Media

Mode: 100% online
Duration: 3 years full-time

Why this degree

Digital media professionals don't just follow trends, they set them.

Want to make an impact through visual storytelling? Or shape how people engage with technology and media? In this fast-moving field, staying ahead of digital trends is essential. Explore cutting-edge practices and technologies that influence how we communicate through digital media.

You'll need to be bold, flexible and collaborative. Learn to work in diverse teams with other creative roles. Bring ideas to life in ways that challenge, inspire and connect. Create motion graphics that captivate, videos and digital designs that inspire action, or social media campaigns that go viral.

Digital media is where ideas take shape. The future is yours to design.

Career outcomes

Want an exciting career working in digital media? Express your creativity and play a role in influencing everything from marketing strategies to community engagement.

You could work as a digital content creator, crafting engaging videos and content that captivate audiences. You might work as a social media manager, shaping a brand's online presence and connecting with followers.

Perhaps you'll become a graphic designer, transforming ideas into stunning visuals that tell compelling stories.

Whether you're developing content for businesses, managing online campaigns or designing digital experiences for cultural institutions, a degree in digital media opens the door to a variety of fulfilling careers.

You'll have the skills and knowledge to make a significant impact on how people interact with brands and businesses.

Bachelor of International Relations

Duration: 3 years full-time
Campus: Adelaide City

Why this degree

Secure an international career that really makes a difference. A single event in one country can send waves across the globe, shaping our lives in unexpected ways. Studying International Relations isn't just about learning – it's about understanding how we're all inter-connected and discovering how we can make a real impact.

Discover the excitement of exploring different countries, diverse cultures, global cooperation and conflicts, and Australia's role on the world stage. Engage with issues that matter – climate change, human rights, and the power to drive positive change in international affairs and humanitarian efforts.

With the insights you gain, you'll be prepared to debate pressing world issues and pursue an international career where you can truly make a difference.

Career outcomes

Upon graduation, you'll be ready for exciting roles in diplomacy, foreign service, international organisations, not-for-profits, and international journalism. Your keen understanding of global political and economic shifts will be a sought-after skill across various fields.

Your capacity for diplomacy, advocacy, partnership-building, and policy analysis could guide you toward impactful roles with the United Nations, World Trade Organization, Department of Defence, or Department of Foreign Affairs and Trade. You might also apply these skills in consulting or public relations, where strategic communication is key.

Be inspired by these potential careers:

- Foreign service officer
- International trade specialist
- Immigration officer
- Mediator
- Human rights officer
- International marketing strategist
- National security agent
- Cultural affairs officer
- Economic development officer
- Policy analyst
- International relations consultant
- International development worker.

Or continue your studies with a Master or PhD of International Relations to boost your career to the next level.

Bachelor of International Relations majors

Bachelor of International Relations majoring in Chinese Studies

Campus: Adelaide City, Magill

If you're interested in a career in world affairs, mastering Chinese and understanding China's policies and perspectives will give you a much-needed competitive edge.

Immerse yourself in global politics, history, development and security with Adelaide University's Bachelor of International Relations majoring in Chinese Studies. Discover how nations collaborate, compete and govern – all while advancing your Chinese and broadening your cultural perspective.

Do you dream of an exciting career making compelling documentaries or developing immersive experiences? With the Bachelor of Journalism majoring in Immersive Media, you'll learn to blend journalism with cutting-edge technologies. You'll have the skills to design immersive environments where audiences can experience stories as participants rather than just spectators. You could lead projects in game design, develop interactive content for social media platforms or produce compelling audio-visual stories. Or you might take on a role creating content for digital platforms, TV, film or even the expanding world of live-streamed events. As industries continue to demand more interactive and engaging content, you'll be ready to shape the future of media with your innovative storytelling abilities.

Bachelor of Journalism majors

Bachelor of Journalism majoring in Politics

Campus: Adelaide City, Magill

Interested in uncovering the political stories behind the policies and people shaping our world? Our Bachelor of Journalism majoring in Politics opens doors to a journalism career where you'll investigate, analyse and communicate political events and trends. You could cover election campaigns and examine social issues. As a political correspondent, you'll share compelling stories that inform and influence the public. Use your skills to provide insightful perspectives on the challenges of today's world. You'll have the expertise to not just report the news but shape the way people understand and engage with it.

Bachelor of Journalism majoring in Strategic Communication

Campus: Adelaide City, Magill

Interested in a field that combines journalism's storytelling and investigative skills with strategic communication? With a Bachelor of Journalism majoring in Strategic Communication, you'll tell important stories and create influential content that connects with audiences across digital, social and traditional media platforms. From crafting powerful messages for brands to reporting on pivotal societal issues, you could lead conversations and shape perceptions. Be the creative mind behind a viral campaign, a trusted advisor on crisis communication or a social media strategist building online communities. Whether you're influencing public opinion or guiding a brand's voice, you'll have the skills to make a lasting impact on the way people see and engage with the world.

Bachelor of Marketing and Communication

Mode: 100% online

Duration: 3 years full-time

Why this degree

Build a toolbox of marketing communication skills.

In today's digital world, we're bombarded with new marketing channels, technology and consumer models every day. Become an agile marketing communications professional. Learn to adapt and respond to an evolving industry.

Enhance your employability with creative, strategic and analytical knowledge.

Gain the expertise you need to face today's marketing challenges. Study topics like social media, public relations, marketing analytics, digital marketing, advertising, retailing, brand management and content creation.

With Australia's workforce demand increasing for marketing professionals over the next 5-10 years – secure your future with Adelaide University's 100% online Bachelor of Marketing and Communication (*Jobs and Skills Report 2024*).

Career outcomes

With strong growth projected for marketing roles over the next decade, graduates can look forward to abundant career opportunities (*Jobs and Skills Report 2024*).

Fancy working as a media planner? You'll ensure advertising campaigns reach the right audiences via the best channels. Use analytics tools to track performance and inform your approach to align with objectives.

Want to be a brand and advertising manager? You'll develop marketing strategies, coordinate advertising campaigns and oversee branding initiatives. Analyse market trends, consumer behaviours and competitor activities.

Keen to work as a market analyst? You'll collect and analyse data on customer demographics. Design marketing campaigns based on customer insights. Assess plans and strategies.

Bachelor of Media and Communication

Duration: 3 years full-time
Campus: Adelaide City, Magill

Why this degree

Effective communicators are crucial in every organisation. This flexible degree will provide you with the knowledge and skills to plan, develop, and execute communication strategies across various platforms. Be at the heart of 21st century life - informing everything from political decision-making to the way we conduct our everyday lives.

Our Bachelor of Media and Communication has been designed to reflect current and emerging industry practices. You'll develop deep understanding of the issues, trends and technologies shaping our world. Applied activities will further hone your analytical and practical thinking skills to create global impact.

Designed and developed in collaboration with industry, you'll graduate ready to thrive in your media and communication career.

Career outcomes

Skilled communicators are crucial in every organisation for planning, developing, and delivering communication across diverse platforms and situations. Our innovative and industry-informed curriculum will help ensure that you graduate in high demand globally, with strong critical thinking and professional competencies.

The transferability of media and communication skills means this skill set is valuable not only within media-based organisations, but also in a wide range of other organisations - including government, private organisations and not-for-profits.

You might become a public relations guru, managing the public image and media interactions for celebrities and high-profile individuals. Or you could enter the advertising world as a creative, developing innovative and engaging advertising campaigns for brands and products.

Careers to consider include:

- Communications officer
- Social media manager
- Public relations consultant
- Content creator
- Account executive
- Digital communications specialist.

Further opportunities may also include a career in social media and digital communications, strategic and corporate communication, stakeholder engagement and immersive media.

Bachelor of Media and Communication majors

Bachelor of Media and Communication majoring in Digital and Social Media Storytelling

Campus: Adelaide City, Magill

Imagine a world where stories aren't just told - they are experienced. A story coming to life on social media, not defined by the pages of a book. From short videos to collaborative threads, you'll turn the audience into active participants. Our Bachelor of Media and Communication majoring in Digital and Social Media Storytelling will equip you with the skills to create visually appealing stories and captivate audiences. Study curriculum that is delivered under industry guidance, honing your knowledge in social media trends and media production. As the world continues to move forward in the adoption of digital landscapes, you'll be prepared for a career creating exciting online content across a range of platforms.

Bachelor of Media and Communication majoring in Digital Media and Web Design

Campus: Adelaide City, Magill

From the videos we watch to the memes we share, our digital experiences are key to how we communicate and view the world. As technology reshapes virtually every industry, businesses are scrambling to grow their digital presence - creating demand for skilled digital media professionals. In our Bachelor of Media and Communication majoring in Digital Media and Web Design you'll learn how to blend creativity with technology to create compelling websites, content and interactive experiences using industry-standard software. Preparing you well for an exciting career in digital design and online media production.

Bachelor of Media and Communication majoring in Games Design and Production

Campus: Adelaide City, Magill

Unleash your creativity and use your imagination in the world of digital games design. Watch your creation come to life, as players explore, discover and conquer challenges. Blend artistry and technical skills to become an architect of alternate realities. Be a leader in the digital games industry, creating immersive worlds for a range of audiences. Create your own games and prepare for diverse roles in the dynamic game development industry in our Bachelor of Media and Communication majoring in Games Design and Production. Craft intricate storylines and design immersive environments, integral to bringing virtual worlds to life. Grow an advanced skillset and work with innovative technologies to shape the future of interactive entertainment.

Bachelor of Media and Communication majors

Bachelor of Media and Communication majoring in Immersive Media

Campus: Adelaide City, Magill

Extended realities (XR) technologies are redefining what's possible in entertainment and beyond. From virtual reality (VR) simulation suites that enable surgeons to train in new techniques, to augmented reality interior design software. Our Bachelor of Media and Communication majoring in Immersive Media will introduce you to the world of immersive media, teaching you how to create interactive digital experiences for a range of purposes. You'll work with industry-standard software, developing technical skills in the full spectrum of extended realities (XR) technologies and undertake a professional internship in industry. Preparing you with the expertise to thrive in your immersive media career.

Bachelor of Media and Communication majoring in Media Cultures

Campus: Adelaide City, Magill

Media cultures reflect and shape the way we see the world and each other. Increasing awareness of mass media creates a need to discuss its impact on our cultural discourse. How are things like social movements and the climate crisis influenced by media reporting? Our Bachelor of Media and Communication majoring in Media Cultures introduces a research-informed approach to identifying relevant global cultural and social issues. You'll unravel the media's influence on the public and become an expert at dispelling misinformation in reporting. Graduate with the capacity to work and transform our media industries. Equipped with the right critical thinking, problem-solving and media literacy, you'll be ready to change the world.

Bachelor of Media and Communication majoring in Screen Production

Campus: Adelaide City, Magill

Picture yourself on a bustling film set – overseeing script development to post-production. In our Bachelor of Media and Communication majoring in Screen Production, you'll explore all the elements that work together to craft captivating visual narratives. You'll learn how each project is carefully coordinated in this dynamic industry to bring stories to life.

Develop the technical skills needed to create content across a range of mediums in this practical, industry-informed degree – through creating your own narrative-based film, documentary and experimental short form content. You'll also learn techniques in 3D CGI, cinematic design and digital compositing, equipping you well for an exciting career in screen production.

Bachelor of Media and Communication majoring in Screen Studies

Campus: Adelaide City, Magill

Lights, camera, action! From the magic of silent films to the binge-worthy era of streaming services, get ready to explore how screens have shaped our culture and society. Unravel the mysteries behind your favourite films, whether you're a cinephile or a binge-watcher and discover the rich history and exciting future. Our Bachelor of Media and Communication majoring in Screen Studies will develop the necessary skills to critically evaluate film texts. Explore a range of techniques used by the entertainment industry to maximise audience viewership. Study specialised courses in the history of Hollywood, Asian cinema, gender and sexuality representation and the Adelaide Film Festival. Work with industry to build relationships and set yourself up for a thriving and exciting career.

Bachelor of Media and Communication majoring in Strategic Communication

Campus: Adelaide City, Magill

Communication can make or break an organisation. Being able to craft and deliver important messages effectively, and in a way that enhances trust, is critical to achieving core business objectives. Our Bachelor of Media and Communication majoring in Strategic Communication will develop your critical knowledge and skills in the creation and execution of strategic communication. Draw on public relations and communication theories and apply them to real-life settings. Study alongside award-winning academics in industry-focused courses and undertake an industry internship. These experiences and more ensure you'll graduate with the expertise to thrive in a variety of media and strategic communications roles.

Bachelor of Social Science majoring in Ageing and Disability

Duration: 3 years full-time
Campus: Magill, Mount Gambier or Whyalla

Why this degree

Everyone deserves to live life on their own terms. For Australians who are older and people living with disability, this isn't always easy.

Navigating complex systems to get the right support is hard work and a daily reality for many. Person centred support teams are important allies. Getting to know a person's unique needs and connecting them with the right resources to maintain their independence is vital work.

Our Bachelor of Social Science majoring in Ageing and Disability prepares you for a rewarding career in the human services, supporting individuals who are older and those living with disability to ensure their voices and wishes are central in all service and support discussions. Professionals in these sectors address social injustice and barriers to participation. Tackle complex issues creatively. Skilfully navigate major systems – like the National Disability Insurance Scheme (NDIS) and My Aged Care – ensuring individuals receive the right supports.

Graduate with the expertise to make a real difference.

Career outcomes

Human services workers connect people in need to the supports that facilitate them fully participate in their own lives and contribute to their communities. Human services roles vary depending on the specific needs of the individuals they support. Broadly speaking, they undertake assessments to understand an individual's unique support needs, aspirations and then connect them with relevant resources and services – empowering them to make informed decisions about their support.

You could work as a case manager, coordinating access to support services for individuals living with disabilities. Maybe you'll take on a role as a community outreach worker, designing programs that enhance social connection for citizens who are older. Perhaps you'll join a holistic care team in a rehabilitation clinic, assisting individuals transition from acute health systems to at-home community living.

You can pursue careers in many different sectors and contexts, including:

- Aged care facilities
- Advocacy groups
- Community organisations
- Disability service providers
- Healthcare facilities
- Residential care settings
- Schools and educational institutions
- Social services agencies
- Transitional housing programs
- Youth development programs.

Bachelor of Social Science majoring in Human Services

Duration: 3 years full-time
Campus: Magill, Mount Gambier or Whyalla

Why this degree

At their core, human services are about helping people achieve stability and improve their quality of life.

This could be assistance with food and housing – or counselling and financial support for people experiencing crisis. It could be helping isolated individuals find friends and a sense of purpose through community programs or influencing social policy to improve conditions for individuals, groups and communities.

Put your belief in equality and fairness into practice. Gain the tools to influence social policies. Develop high level communication, ethical and cultural competency skills. Become an effective agent of systemic change and pursue rewarding careers supporting individuals, families and communities.

Career outcomes

Human services professionals ensure people in need are connected to the support they require to achieve stability, maintain independence and improve their quality of life. Their roles are as varied as the needs of the clients they serve; they may work in local government, community outreach, disability support, aged care, child protection, social work, housing and more.

You could work as a case manager, connecting clients experiencing crisis with crucial support services. You might be a community outreach worker, designing fun programs that enhance social connection for young people with disabilities. Perhaps you'll work in a community health clinic alongside allied health professionals, helping run support groups for new parents.

You could also work in:

- Aged care facilities
- Advocacy groups
- Community organisations
- Disability service providers
- Healthcare facilities
- Residential care settings
- Schools and educational institutions
- Social services agencies
- Transitional housing programs
- Youth development programs.

Bachelor of Social Work

Duration: 3 years full-time
Campus: Adelaide City, Magill or Whyalla or Mount Gambier

Why this degree

Are you passionate about social justice and equality?
Do you want to make a real difference in people's lives?

Social workers are a lifeline for people experiencing points of crisis or significant change. They can work individually or as part of a larger care team in a wide range of clinical, community or organisational settings. Social workers support individuals, families, and communities to address life challenges and enhance wellbeing.

Social work careers blend intellectual challenge with emotional fulfilment. The work is dynamic and varied, offering opportunities to engage with diverse populations and complex social issues. You'll love effecting positive change and contributing to a more just and equitable society.

Career outcomes

As a social worker, you'll provide support, counselling and service referrals. You'll practice research and advocacy, promoting a more fair and inclusive society.

There are employment opportunities for social workers in a wide range of sectors, including:

- Homelessness
- Correctional services and juvenile justice
- Child protection
- Domestic violence
- Aged care
- Health
- Mental health
- Leadership and management
- Refugees and asylum seekers
- Schools
- Disability
- Policy, project work and research
- Community work.

Accreditation

This degree is provisionally accredited by the Australian Association of Social Workers (AASW). Graduates are eligible for membership of the AASW.

Bachelor of Social Work (Honours)

Duration: 4 years full-time
Campus: Adelaide City

Why this degree

Social workers are found on humanity's frontlines, offering support to people experiencing hardship or significant change. They take a whole-person approach, considering all parts of an individual's life, to ensure support services are tailored to their specific needs.

This honours degree provides an advanced level of knowledge in the political and behavioural sciences. You'll also complete a major research project under the guidance of an experienced supervisor, with the opportunity to publish upon completion.

Career outcomes

Social workers provide support, counselling and service referrals. They undertake research and advocacy, with the ultimate aim of promoting a more fair and inclusive society.

You could work in a hospital, providing advocacy support to give patients a voice and ensure they receive appropriate care and resources. Maybe you'll specialise in services for the elderly, assisting older people to live well and remain independent for as long as possible.

The fields and sectors in which social workers are employed are every bit as diverse as the populations and people they serve. You could work in areas like:

- Aged care facilities
- Child welfare and family services
- Community centres
- Disability services
- Employee assistance programs
- Government agencies
- Healthcare (hospitals, out-patient clinics)
- Hospice and end-of-life planning
- International and humanitarian organisations
- Justice and corrections
- Mental health triage services
- Non-profit organisations
- Probation and parole services
- Research and academia
- Schools and educational settings
- Substance abuse treatment facilities
- Veterans' affairs.

Accreditation

This degree is provisionally accredited by the Australian Association of Social Workers (AASW). Graduates are eligible for membership of the AASW.

Bachelor of Teaching (Early Childhood Education)

Duration: 3 years full-time
Campus: Magill, Mawson Lakes or
Mount Gambier or Whyalla

Why this degree

Early childhood education goes far beyond nursery rhymes, picture books and learning the alphabet. It's about giving young children the language, confidence, social skills and behaviours to set them up for a lifelong journey of discovery. And the research is clear – quality early childhood education has a positive effect on learning and development throughout the school years (*Australian Institute of Health and Welfare*).

With our Bachelor of Teaching (Early Childhood Education), you'll become a resourceful and engaging teacher, ready to inspire the next generation. You'll learn effective modern teaching techniques, understand childhood development, and discover how to create safe and inclusive classrooms. Graduate classroom-ready, having completed 80 days of placements in early childhood settings.

Career outcomes

You will graduate with a qualification recognised by the Australian Children's Education & Care Quality Authority (ACECQA) and the Teacher Registration Board of South Australia. This means you'll be able to register and work as a teacher in early childhood and care sites, including long day care centres and preschools. You'll even be able to start working in early childhood settings from the end of your second year, while completing your studies.

Bachelor of Teaching (Primary) (Honours)

Duration: 4 years full-time
Campus: Magill, Mawson Lakes or
Mount Gambier or Whyalla

Why this degree

As a primary school teacher, you'll be many things: role model, confidant, supporter, educator. Yes, you'll help your students build literacy, numeracy and critical thinking skills – but that's just the start. You'll also become their champion, nurturing their unique talents and helping them become well-rounded individuals with their own passions.

Great teachers need enthusiasm, adaptability, patience and creativity. A good sense of humour helps, too. If this sounds like you – and if you enjoy engaging with young people, believe in the power of education to transform lives, and want a career that truly makes a difference – our Bachelor of Teaching (Primary) (Honours) is for you. With a comprehensive curriculum and 80 days of practical placements, you'll be ready to inspire and educate students from Reception to Year 6.

Career outcomes

You will graduate with a qualification recognised by the Teacher Registration Board of South Australia. This will enable you to work as a Reception to Year 6 teacher in primary schools within Australia and internationally.

Bachelor of Teaching (Secondary) (Honours)

Duration: 4 years full-time
Campus: Magill, Mawson Lakes or
Mount Gambier or Whyalla

Why this degree

Inspire students to discover their unique potential as an innovative, nurturing teacher.

Teaching is a rewarding career where every day brings new opportunities to make a difference. With a Bachelor of Teaching (Secondary) (Honours) degree from Adelaide University, you'll gain the knowledge and skills to not only help students thrive academically, but to become well-rounded individuals.

Follow your passions by specialising in two subject areas aligned with the Australian Curriculum and gain the skills and confidence to teach students from Years 7 – 12. Master positive classroom management and culturally responsive teaching practices. Create inclusive and supportive learning environments for students of all abilities.

Become a respected and valued member of your community and inspire the next generation.

Career outcomes

You will graduate eligible to apply for registration with the Teacher Registration Board of South Australia. You will also be eligible for registration as a teacher in other Australian states and select countries. Your honours year of study will set you apart and enhance your employment prospects. You will be qualified for roles such as:

- Secondary school teacher (Years 7-12)
- Senior years coordinator
- Youth support worker
- Education consultant or policy advisor.

Careers and study

Careers

Our contemporary, future-focused degrees have been developed in consultation with industry to provide you with both the broad and specialised skills and knowledge needed in the modern workplace. You'll graduate as an ethical leader, global citizen and lifelong learner capable of resilient thinking, strategic problem solving and trusted communication, ready to take on a world of opportunities.

Further study

Completed an undergraduate degree, and looking to hone your expertise?

Whatever your career stage or goal, we offer a range of postgraduate qualifications designed to help you advance your skills. We've included a snapshot of the degrees available.

Explore the full suite at: adelaideuni.edu.au/study

Master of Teaching (Early Childhood Educations)

Duration: 2 years full-time
Campus: Adelaide City, Magill, Mawson Lakes or Mount Gambier or Whyalla

Become an inspiring early childhood educator or deepen your teaching expertise.

Early childhood teachers guide children from the very beginning of their educational journey. It's a pivotal time, with studies showing that quality early years teaching has a lasting impact on learning and development (Australian Institute of Health and Welfare). You won't just teach basic language and maths skills – you'll also nurture confidence, social skills and a lifelong love of learning.

Adelaide University's Master of Teaching (Early Childhood Education) prepares you to teach children from birth to eight years of age. With 60 days of hands-on placements in early childhood and junior school settings, you'll graduate ready to make a meaningful impact in young lives.

Career outcomes

Graduate with a qualification recognised by the Australian Children's Education & Care Quality Authority and the Teacher Registration Board of South Australia. This will allow you to register and work as a teacher in early childhood and care sites, including daycare centres, preschools and in schools up to Year 2. Whether guiding toddlers in language acquisition, supporting neurodivergent learners to access the curriculum or encouraging children to express themselves creatively – you can have a rewarding and deeply impactful career.

Master of Education

Duration: 2 years full-time
Campus: Adelaide City, Magill, Mawson Lakes

The education landscape is undergoing significant and exciting transformations. The decisions made today may resonate for generations. That's why we need visionary leaders who can interpret research, see new possibilities and drive systemic change.

How can we alleviate pressure on teachers? What will help neurodivergent students – and teachers – reach their potential? How can we ensure viewpoint diversity in our classrooms?

As an educational leader, tackle big questions of equity, inclusion and engagement. Redefine how systems operate to better serve communities. Lead the charge towards a smarter, more adaptive future.

Career outcomes

You'll graduate from this degree ready to lead meaningful change in education. You might revolutionise teaching with gamified learning platforms. You could pioneer virtual reality classrooms or establish an international think tank. Perhaps you'll transition into a PhD or publish a best-selling book.

Master of Social Work

Duration: 2 years full-time
Campus: Adelaide City, Magill

Build a rewarding career where compassion meets action as a social worker. Address issues stemming from mental health, poverty and social injustice. Enhance wellbeing through advocacy, social change, relationship building and empowerment.

With Adelaide University's Master of Social Work, you'll support people facing hardship or significant change – providing a holistic approach to connect them with essential support services.

If you're passionate about social justice, dedicated to helping those in need, and enjoy finding practical solutions to complex issues, this degree will provide the skills and hands-on experience necessary to build a brighter, more equitable future for all.

Career outcomes

Social workers provide support, counselling and service referrals. They undertake research and advocacy, with the aim of promoting a fairer, more inclusive society.

You could work in hospital or healthcare settings, providing advocacy support to patients to ensure they have a say in their care and receive appropriate care and resources. Maybe you'll specialise in services for the elderly, assisting older people to live well and remain independent for as long as possible. Perhaps you'll become a researcher, exploring important questions and issues within the social work field to inform future practice.

The fields and sectors employing social workers are as varied as the populations they assist.

Accreditation

This degree is provisionally accredited by the Australian Association of Social Worker (AASW). Graduates are eligible for membership of the AASW.

Master of Strategic Communication

Duration: 2 years full-time
Campus: Adelaide City

Design communications that move people. From creative product launches to timely and clear disaster response information – effective communication is key in moving us towards action. In an era of constant chatter and demands on our attention, it is more difficult than ever for organisations and businesses to get their messages out when it matters most. Which is why, no matter the sector, professionals with the expertise to cut through the noise to inspire, connect and influence are highly sought after.

Our Master of Strategic Communication equips you with the versatile skill set needed to lead strategic communication planning, management and execution across all key digital and non-digital channels – in any sector, anywhere in the world.

Career outcomes

As a graduate of the Master of Strategic Communication at Adelaide University, you'll emerge equipped to lead strategic communication in any sector, anywhere in the world.

You might take up a role as a corporate communications manager, developing and implementing communication strategies designed to enhance a company's image and reputation. Maybe you'll lead rebranding initiatives for large, global organisations as a global brand manager. Perhaps you'll become a crisis communication consultant, advising businesses on how to communicate effectively and manage public perception in the event of product recalls or organisational restructures.

Study 100% online

We're one of Australia's largest online universities.

Developed in consultation with industry, our 100% online degrees have been specifically designed for online learning. You'll have the freedom to study where and when it suits you with on-demand access to interactive and media-rich study resources.

From application to graduation, your online study journey will be fully supported. Our student support team is available over extended hours, ready to help you enrol, discuss your study goals, assist you in tailoring a personalised study plan or refer you to specialised support and career services.

You'll also have access to your dedicated team of experienced online teaching staff who will support your learning when you need it, even out of hours. Plus, our IT help desk is available 24 hours a day, seven days a week, so you can get help when you need it.

Studying online doesn't mean studying alone. You'll have opportunities to virtually connect with your peers and network with and learn from industry leaders and expert academics during your degree.

Unlock your potential and change your direction. Study a 100% online degree with Adelaide University.

Future-making research

Our researchers advance future-defining ideas and solutions.

They dream big, think deeply and challenge assumptions so we can make the world a better place. We forge dynamic partnerships, always collaborating to ensure our impact is transformative and enduring.

Operating on a large scale, we have more capacity for breakthroughs and a greater appetite for change.

Our research will transform South Australia's economy and accelerate its leadership on a global scale.

Our five signature research themes are founded on excellence and focused on impact:

- Creative and Cultural
- Defence and National Security
- Food, Agriculture and Wine
- Personal and Societal Health
- Sustainable Green Transition

Find out more about our research:

Applying to Adelaide University

How to apply

Applications to Adelaide University undergraduate degrees are made online via SATAC:

satac.edu.au

Applications open in early August. Apply before 30 September to avoid paying the SATAC late fee. You can add and swap preferences for most programs until the Change of Preference deadline in early January 2026, except for a handful of programs (including Bachelor of Medical Studies/Doctor of Medicine, Bachelor of Science (Veterinary Bioscience), Bachelor of Oral Health, and Bachelor of Dental Surgery) which close to new preferences on 30 September.

Entry pathways

As part of its founding charter, Adelaide University has committed to delivering higher education for everyone, no matter their educational background. We offer pathways to study that support a diverse range of learning needs. These options include Year 12 entry, International Baccalaureate (IB), Grades-based entry, STAT, TAFE, and our preparatory programs, Foundation Studies and the Aboriginal and Torres Strait Islander Pathway.

To find out more about the available pathways, see pages 16 and 18.

Adjustment factors

SATAC centrally administers two South Australian universities adjustment factors schemes. The two schemes are the Universities Equity Scheme and the Universities Language, Literacy and Mathematics Scheme.

satac.edu.au/adjustment-factors

Degree intake

Many undergraduate degrees will allow students to commence study in February or July. Please refer to individual degrees to check whether midyear entry is available. For students looking to study 100% online we have intakes throughout the year.

Deferring your studies

Most undergraduate degrees can be deferred for up to two years. Please refer to specific degrees for exceptions.

English language requirements for international students

All international students undertaking an Australian Year 12 program are required to achieve a Pass grade or above in one of the approved English as a Second Language or English language subjects. If an applicant attempts but does not pass the English language subject, then alternative options, such as an acceptable English language proficiency test result, may be arranged.

Successful completion of the International Baccalaureate (IB) diploma meets the English language requirements of Adelaide University.

Unique Student Identifier

A Unique Student Identifier (USI) is your individual education number for life. It creates an online record of your education and training undertaken in Australia. If you are at university you need a USI. Without one, you cannot receive Commonwealth financial assistance, or your qualification or statement of attainment.

HECS Higher Education Loan

The Higher Education Support Act 2003 has undergone some change, which will affect students studying in a Commonwealth supported place from 1 January, 2021. The changes include: Adjusting the maximum Student Contribution amounts for different areas of study, for students commencing a new program in 2021, Grandfathering Student Contribution amounts for continuing students, re-introducing the 10% HECS-HELP discount for HECS-HELP eligible students who make an up-front payment of \$500 or more towards their Student Contribution amount.

All Commonwealth supported students, and students accessing any of the HELP loans, must provide their valid Unique Student Identifier (USI).

For more information, please visit:

usi.gov.au

Student services and amenities fee

Students are charged an annual student services and amenities fee (SSAF) to assist with the funding of student services and amenities at the University. Eligible students may defer this fee to an SA-HELP loan.

Additional costs

Students may be required to pay for specialist equipment and reading materials, or may incur other incidental costs throughout their studies. Students are advised not to purchase any equipment until they receive their faculty/school handbook, available during Orientation.

2025 fees and costs

Fees for Commonwealth Supported Places are calculated at the course (unit) level, not the program (degree) level, according to the area of study that each course falls within. As a guide the 2025 Student contribution bands are shown below, noting that these are likely to change for 2026.

adelaideuni.edu.au/study/how-to-apply/entry-requirements/commonwealth-supported-students

Areas of study	Student contribution per 1 EFTSL (24 units)	Student contribution per 0.125 EFTSL (3 units)
Band 1: Agriculture, English, Languages, Mathematics, Nursing, Postgraduate Clinical Psychology, Teaching	\$578	\$4,627
Band 2: Allied Health, Architecture, Engineering, Environmental Studies, IT, Performing Arts, Professional Pathway Psychology*, Science	\$1,164	\$9,314
Band 3: Dentistry, Medicine, Veterinary Science	\$1,655	\$13,241
Band 4: Accounting, Administration, Behavioural Science (not Professional Pathway Psychology*), Economics, Humanities, Law, Media, Social Studies	\$2,124	\$16,992
